Kia ora - Welcome to our 2023-2024 Plant Catalogue

**Note: This is a production catalogue and some lines
will sell out during the year.**

"In every walk with nature one receives far more than they seek"

John Muir

"I have grown taller from walking with trees."

Karle Wilson Baker

*"We have nothing to fear and a great deal to learn from trees, that vigorous tribe and
pacific tribe which without stint produces strengthening essences for us, soothing balms,
and in whose gracious company we spend so many cool, silent and intimate hours."*

Marcel Proust, Pleasures and Regrets 1896

"All it has experienced, tasted, suffered:

The course of years, generations of animals,

Oppression, recovery, friendship of sun and – Wind

Will pour forth each day in a song

Of rustling foliage, in the friendly

Gesture of its gently swaying crown,

In the delicate sweet scent of resinous

Sap moistening the sleep-glued buds,

And the eternal game of lights and shadows it plays with itself, content."

Herman Hesse 1877 – 1962

Plants and Trees

Plants and trees are very cool, there are lots at my school.

Hebes are quite nice, ask my Pop about the price.

I like to help my Nan and Pop until I really have to stop.

My poem is quite nice, I think

In spring, my cherry tree turns pink.

My poem is coming to a close

Wait, I heard Pop turn on the hose !!

Grace 8 years

We wish you and your whānau a safe & happy year of planting.

Kind regards,

The Team at Dean's Nursery

Plant name	Description	Pot size	Price
Abelia grandiflora <i>Glossy abelia</i>	Pretty hedge, dark green glossy leaf maturing to bronze, white flushed pink bell shaped flowers. 2 x 1.5m.	3.5L	\$12.00
Abutilon ovensii <i>Chinese Lantern</i>	Hardy shrub displaying a profusion of lantern shaped flowers over summer. Prune to maintain shape in late winter. Sun or part shade in free draining site. Evergreen. Mixed colours available. 2m.	3.5L	\$12.00
Abutilon 'Golden Fleece'	Beautiful large, golden butter-yellow bell-shaped flowers. Happy in sun or part shade. Attractive to nectar feeding birds. 2 x 2m.	3.5L	\$12.00
Abutilon megapotanicum <i>Trailing Abutilon</i>	Lovely eye-catching shrub. Masses of hanging red and yellow flowers over very long period. Sun or part shade in moist, free draining site. Trim to keep bushy. Semi-evergreen. 1.5 x 1.5m.	3.5L	\$12.00
Acacia melanoxylon <i>Tasmanian Blackwood Wattle</i>	A fast-growing, spreading tree. Timber is excellent for furniture or firewood. Impressive specimen tree and useful as shelter. Trims well into a tall hedge. Tolerates wet soil. Great erosion protection. Pale yellow flowers in late winter are good for bees. Evergreen. 20 x 10m.	3.5L	\$12.00
Acacia cognata 'Bower Beauty'	Highly ornamental bamboo-like shrub. Fine mid green weeping foliage. Half hardy, avoid cold, frosty sites. Well drained site in sun or part shade best. Evergreen. Trim lightly to maintain shape. 1 x 1m.	2.5L	\$15.00
Acaena inermis 'Purpurea' <i>Purple bidibidi</i>	A compact and hardy herbaceous groundcover with a one metre spread. Its attractive deep purple leaves creating a mass effect. It has a good tight habit and unlike most species of Acaena, it doesn't have barbs on the spines of its seedheads. 20cm x 80cm.	2.5L	\$10.00
Acaena novae-zelandiae	Native herbaceous perennial, fast growing, can cover large area in relatively short time. Tiny flower spikes have hooks that can attach to fur or clothing. Thrives in poorer soils but likes extra watering over hot months. Good coastal. 10cm x 4m.	2.5L	\$10.00
Acer (grafted varieties)	Selection of grafted Acer varieties.	12L 17L 22L 45L	\$45.00 \$85.00 \$85.00 \$120.00
Acer campestre <i>Field Maple</i>	Compact tree with dense round canopy. Hardy and tolerant of clay soils, pollution, dry sites, coastal and wind. Deciduous, beautiful yellow tones in autumn. 10 x 7m.	12L	\$35.00
Acer circinatum 'Herbstfeuer'	A cross from Germany of A. palmatum x A. circinatum. Fast upright growing tree with round fat leaves. In German the name means 'Autumn fire' and this tree lives up to its name with fiery orange and red colours in the autumn. 5 x 3m.	22L	\$85.00

Plant name	Description	Pot size	Price
Acer x freemanii	Great specimen tree on its own or for avenues and driveways. Fresh green leaves turn to vibrant reds and oranges over autumn. Makes a stunning shelter belt tree. Wind tolerant. Deciduous. Hardy. 10 x 4m.	3.5L	\$15.00
Acer griseum <i>Paper Bark Maple</i>	Upright oval to rounded tree with lovely cinnamon to reddish brown exfoliating bark. Red/orange autumn colours. One of the last maples to colour up in the autumn. Hardy. 6 x 5m.	22L	\$85.00
Acer japonicum 'Green Cascade'	Weeping form. Deeply dissected green leaves. Orange/yellow autumn colour. Deciduous. To 3m.	22L	\$85.00
Acer palmatum dissectum	Small growing maple, with fine lace-like leaves. Good for pots or small gardens. Green leaves turning crimson in autumn. 1.5 x 1.5m. Deciduous.	2.5L	\$15.00
Acer palmatum dissectum 'Crimson Queen'	Lovely weeping maple variety with fine leaves, crimson spring colour turning deeper purple red over summer and autumn colours of scarlet red. Good choice for a smaller garden. 2 x 1m.	22L	\$85.00
Acer palmatum dissectum 'Flavescens'	Lovely weeping form which has yellow-green spring colour, darkening to green over summer, then yellow/orange tones in autumn. 3 x 3m.	22L	\$85.00
Acer palmatum dissectum purpureum <i>Lace leafed Maple</i>	Broadly spreading deciduous tree. Finely dissected purple leaves. Develops a 'domed' habit. Branch framework interesting during winter months. To 2m.	2.5L	\$15.00
Acer palmatum dissectum 'Tamukeyama'	Mushroom shaped weeping Japanese maple with extremely dark purple red foliage in spring/summer turning to fiery scarlet tones in autumn. Deciduous, hardy, protect from strong winds. 1.5 x 1.5m.	12L	\$45.00
Acer palmatum dissectum 'Viridis'	Soft fresh green foliage in spring, deeper green through summer, becoming golden yellow and orange in autumn. Strongly cascading branches form a dome shaped plant at maturity. Cold hardy. 1 x 1.5m.	12L 22L	\$45.00 \$85.00
Acer palmatum 'Atropurpureum' <i>Purple Japanese Maple</i>	Leaves rich crimson in spring, dark to bronze purple summer, scarlet autumn, deep purple stems, shelter from strong winds. 5m +	3.5L	\$15.00
Acer palmatum (green) <i>Green leaf Japanese Maple</i>	Excellent autumnal colour and a stately shade tree. The prized autumn leaf colour has leaves changing from green in spring and summer into shades of yellow, orange and red tones. It does best in full sun to part shade and prefers an evenly moist soil that is well drained. Mulch well in summer to keep the roots cool and moist. It needs protection from strong drying winds otherwise leaves will scorch and burn. 6m x 4m	3.5L	\$15.00

Plant name	Description	Pot size	Price
Acer palmatum 'Beni Hime'	One of the smallest forms of A. palmatum. Tiny bright red leaves in spring turning dark green with red tips and edges over summer. Red, gold and orange autumn colour. Dense leaf growth and compact form make this an ideal choice for bonsai. 1.2 x 1.8m	12L 22L	\$45.00 \$85.00
Acer palmatum 'Bloodgood'	Distinctive small upright tree. Deep maroon foliage turning vibrant red in Autumn. Best in sheltered, semi-shaded position on well drained soils. Cold hardy. 4m x 3m.	12L 22L	\$45.00 \$85.00
Acer palmatum 'Fireglow'	Erect grower, deep purple red leaves turning crimson and intense scarlet in autumn. Deciduous. 4 x 3m.	22L	\$85.00
Acer palmatum 'Japanese Sunrise'	Known for its transition of colour from greens to reds as winter progresses. As soon as the temperatures drop, the bark turns to yellow on the trunk. The colder it gets the further up the colour changes from pale yellow through orange to intense red at the tips. Deciduous. 4 x 3.5m.	22L	\$85.00
Acer palmatum 'Katsura'	Small maple with light yellow spring foliage turning green through summer and then yellow/orange in autumn. Deciduous and cold hardy. 2.5 x 2m.	12L 22L	\$45.00 \$85.00
Acer palmatum 'Koto-no-ito'	Koto-no-ito means 'harp strings' and this maple has been named as such for it's narrow strap-like leaves which dance in the wind. The green leaves change to yellow and orange in autumn. The tree has a rounded, dense habit. Prefers a moist, well drained site. 2.5 x 2.5m.	22L	\$85.00
Acer palmatum 'Red Emperor'	Stunning red-coloured Japanese Maple ideal for a semi-shaded, sheltered site with well drained soil. Deep purple/red leaves turning to brilliant red/orange in autumn. Cold hardy. Deciduous. 4 x 3m.	22L	\$85.00
Acer palmatum 'Scolopendrifolium'	Bright green leaves that are distinctively long and drooping. Elegant and tall grower. Autumn tones apricot/orange. Cold hardy but shelter from excess sun and wind to avoid leaf scorch. 5 x 4m.	22L	\$85.00
Acer palmatum 'Ukigumo' <i>Floating Cloud Maple</i>	Outstanding variegated foliage of light green freckled with pink and white. Protect from wind. Best in a sheltered site in fertile, lime free soil. 2.5m.	22L	\$85.00
Acer palmatum 'Villa Taranto'	Forms a dome shaped bush. Narrowly lobed leaves are reddish when young and become greener as they mature. Golden autumn colour. Sheltered site best. Up to 3.5m.	22L	\$85.00
Acer rubrum <i>American red maple</i>	Broadly columnar, small red flower clusters appear before leaves, leaves have pale greyish undersides, bright red autumn colour, prefers moist soils. 10 – 15m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
<i>Acer saccharum</i> <i>Sugar Maple</i>	Broadly columnar tree. Needs fertile soils and long, cold, moist winters. Spring sap can be processed into maple syrup. Spectacular orange autumn colour. Durable close-grained wood. Wilted leaves are toxic to horses. Cold hardy. 15 x 7m.	3.5L	\$15.00
<i>Acer shirasawanum</i> 'Aureum' <i>Golden Full Moon Maple</i>	Broad fan shaped leaves changing from pale gold in spring to yellow in summer. Best in sheltered position away from wind. Deciduous. Slow growing. 3 x 2m.	22L	\$85.00
<i>Ackama rosaefolia</i> <i>Makamaka</i>	Small Northland tree. Light green leaves with a reddish underside. Clusters of tiny white flowers turning into contrasting pink/red capsules. Wonderful near waterways and streams as it prefers a moist site. Fast growing. 6 x 4m.	3.5L 8.5L	\$15.00 \$35.00
<i>Agapanthus orientalis</i>	Great impact plant when mass planted. Blue flowers. Very hardy, good cover for clay banks. 1.5 x 1.5m.	2.5L	\$12.00
<i>Agapanthus</i> 'Peter Pan'	A neat 50 x 50cm clump of closely set leaves and sky blue flowers on short stems. This form is also sterile, avoiding scattered seedlings. Hardy evergreen that is drought tolerant and can be grown in poor soils.	2.5L	\$12.00
<i>Agapanthus</i> 'Neverland'	Dwarf agapanthus with variegated leaves. Sky blue flowers in summer. Hardy, evergreen. 50 x 50cm.	2.5L	\$12.00
<i>Agapanthus</i> 'Snowball'	Dwarf white agapanthus produces masses of flowers over summer. 50 x 40cm.	2.5L	\$12.00
<i>Agathis australis</i> <i>Kauri</i>	Treasure of the North, can be grown here, protect from frost when young, prefers rich moist soil and some shelter. 10 - 30m.	2.5L	\$15.00
<i>Ajuga</i> 'Jungle Beauty'	Hardy ground cover, shade tolerant, purple/blue flowers. 25 x 1-2m.	3.5L	\$12.00
<i>Ajuga reptans purpurea</i>	Evergreen perennial with purple bronze foliage and spikes of blue flowers mid to late spring. Spreading ground cover for sun or shade in moist, free draining site. 15 x 80cm.	3.5L	\$12.00
<i>Alchemilla mollis</i> <i>Lady's Mantle</i>	Popular perennial with beautiful fan-shaped foliage that holds water droplets like jewels. Sprays of lime flowers that cut well. Great planted in drifts or as an edging plant. Sun or shade, prefers moist over dry. 45 x 60cm.	3.5L	\$12.00
<i>Alectryon excelsus</i> <i>Titoki</i>	Attractive evergreen shade or specimen tree, grows in most conditions, prefers rich moist soil protect from frost when young. 5-8m.	3.5L 8.5L	\$15.00 \$35.00
<i>Alnus cordata</i> <i>Italian Alder</i>	Broadly conical form, trims well for tall, narrow shelter belt. Tolerates wet and dry. 25-30m.	3.5L	\$15.00
<i>Alnus jorullensis</i> <i>Evergreen/Mexican Alder</i>	Fast growing alder that holds its leaves in warmer climates. Dark green serrated leaves. Drought tolerant, nitrogen-fixing. Broad conical form. Good shelter on mild sites. Semi-evergreen. Frost tender in first year. 15 x 4m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Alnus rubra <i>Red Alder</i>	Considered the most attractive alder. Forms tall, open shelter belts. Shallow spreading root system so prefers moist fertile sites on river banks and in gullies. Very fast growing. Space at 2-4m centres for shelter. Deciduous. Cold hardy. 25 x 6m.	3.5L	\$15.00
Aloysia citrodora <i>Lemon Verbena</i>	Strongly fragrant leaves, lilac/white flowers late spring/early summer. Will need protection against frost when young. Adds a lovely lemony flavour to food and drinks, high antioxidants. 2 x 2m.	3.5L	\$12.00
Amelanchier canadensis <i>Shad Bush</i>	Attractive tall, spreading shrub to small tree. Fairy-like display of bronze foliage and white flowers in spring. Red/orange autumn colour. Makes an attractive trimmed hedge. Hardy to drought, cold and wet soil. 7 x 3m.	3.5L	\$15.00
Anemathele lessoniana <i>Gossamer Grass/Wind Grass</i>	Great in dry shaded places, soft weeping habit. Greener in the shade, more rusty in the sun. Misty halo of very fine flowers in spring/summer. 70 x 1m.	2.5L	\$10.00
Apodasmia similis <i>Oioi/Jointed rush</i>	A reed with fine grey-green leaves and distinctive brown markings, forms a large clump, grows in damp ground, water, tolerates salt water. 1 x 1m.	3.3L	\$12.00
Aquilegia (mixed colours) <i>Columbine/Granny's Bonnet</i>	Seedlings. Mixed colours. Must have cottage garden perennial. Tall stems of flowers in early summer. Dormant over winter. Will self seed.	2.5L	\$12.00
Aquilegia 'Star White'	Clear pure white flowers with long spurs. Happy in sun or part shade. Dormant over winter. 70cm.	2.5L	\$12.00
Aristotelia serrata <i>Makomako - Wineberry</i>	Fast growing, small tree. Attractive rose-coloured flowers in spring. Black edible berries in summer are highly sought after by native birds. Frost-tender when young, however hardy once mature. 4 - 6m.	3.5L	\$12.00
Arthropodium cirratum <i>Renga Renga Lily</i>	Wide fleshy leaves, long panicles of white starry flowers, shade lover, frost tender when young. 45 cm.	3.5L	\$12.00
Arthropodium cirratum 'Matapouri Bay'	Broader leaves than other selections with larger flower heads. Starry white flowers mid summer. Good for sun or shade, but always looks more lush with more shade. Will tolerate coastal wind. 60 x 60cm.	3.5L	\$12.00
Arthropodium cirratum 'Parnell'	Broad leaves forming evergreen clumps of 50 x 50cm. Tall stems of white flowers in summer. Tolerant of sun but looks best in shade/part-shade.	3.5L	\$12.00
Arthropodium cirratum 'Te Puna'	Panicles of starry white flowers in summer. Great as mass planting under trees. Tolerant of dry soils. Best in shade, protect from severe frosts. 60 x 60cm.	3L	\$12.00
Asplenium bulbiferum <i>Hen and Chicken Fern</i>	One of our best known native ferns, so named because of the baby fernlets that sprout from the mature fronds. Graceful habit, best in shaded position. 80 x 80cm.	2.5L	\$15.00

Plant name	Description	Pot size	Price
Asplenium bulbiferum 'Maori Princess' <i>Hybrid Fern</i>	This hybrid fern has particularly attractive foliage and a graceful habit, perfect for underplanting. Likes moist well-drained soil, best in dappled light. Evergreen. Hardy. A hybrid of the Hen & Chicken fern & Shining Spleenwort, Asplenium oblongifolium x A. bulbiferum.	2.5L	\$15.00
Astelia banksii	Coastal Astelia. An attractive silver foliated NZ native with narrow leaves. Ideal as an accent plant. Great amongst rocks Best in full sun & well drained soil. Wind & salt tolerant. Evergreen. 1 x 1m	2.5L	\$12.00
Astelia chathamica 'Silver Shadow'	Striking silver foliage making this a great impact/contrast plant. Tolerant of a range of sites as long as well drained. Evergreen. 1 x 1.2m.	2.5L	\$12.00
Astelia 'Rebel'	Compact red leaved astelia. Tolerant of sun, wind, dry so good for coastal sites. Evergreen, well drained site. 60 x 60cm.	2.5L	\$12.00
Austroderia richardii syn Cortaderia richardii <i>South Island Toetoe</i>	Attractive arching blooms creamy buff colour. Leaves 2m, flowering stems to 3m. Tolerates wet feet, wind, frost, coastal site.	3.5L	\$12.00
Avocados	Selected varieties available in spring. Call to enquire/place order.		P.O.A
Azalea (evergreen)	Mixed variety of colours, available April/May.	2.5L	\$25.00
Azalea (deciduous)	Selection of deciduous azaleas available when in season.	12L	\$40.00
Banksia integrifolia <i>Coastal Banksia</i>	Fast growing narrow shelter and ornamental tree for free draining soils. Great coastal plant. Large yellow brush-like flowers from autumn to winter attract Tui's and Bellbirds. Also great winter nectar for bees. 8 x 4m.	3.5L	\$15.00
Beilschmedia 'Tawa' <i>Tawa</i>	Tall canopy tree, native to the North Island and NE corner of the South Island. In the forest it will grow to 25m but in the garden it will grow to around 8-10m. Delicate, pale, narrow leaves and striking dark purple drupes loved by Kereru. Moist free draining soil and protection from frost when young.	2.5L	\$15.00
Berberis thunbergii f. 'Atropurpurea'	A Japanese native with compact foliage and a rounded shape. Deep bronze-purple foliage in spring and summer turns crimson in autumn. After a short deciduous period, vivid new shoots appear. 1.5m x 1.5m	3.5L	\$15.00
Berberis thunbergii 'Little Favourite' <i>Purple Barberry</i>	A dwarf growing Japanese barberry with smaller foliage and a rounded shape. Deep bronze-purple foliage in spring and summer turns crimson in autumn. After a short deciduous period, vivid new shoots appear. 60cm x 60cm.	2.5L	\$15.00
Berberis thunbergii 'Helmond Pillar'	A hardy ornamental shrub with vivid wine coloured foliage and a narrow columnar habit. Easy to grow in adverse conditions. 1.5m x 60cm.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Berberis thunbergii 'Rosy Glow'	Good foliage plant with a graceful fountain shape. New season leaves are red, pink and cream. Attractive purple autumn colours. Very hardy. Will grow in almost all soil types. Sunny site best. 1 x 1m.	3.5L	\$15.00
Betula daecarlica <i>Cut Leaf Birch</i>	Same graceful habit as the silver birch but has more cascading branches. Rich green leaves are deeply cut and serrated. White trunk will develop on the tree as it matures. 8 x 4m.	3.5L	\$25.00
Betula pendula <i>Silver Birch</i>	Deciduous tree well known for its silvery white trunk. Very hardy, fast growing and easy to grow. Tolerant of poor soil conditions and cold temperatures. Leaves turn brilliant yellow in autumn. 15m.	3.5L	\$15.00
Betula utilis var. Jacquemontii	A lovely birch with dazzling white, peeling bark. Neat erect growth habit. Large tapering dark green leaves turn bright yellow in autumn. Hardy. Fast growing. 12 x 4m.	3.5L	\$20.00
Betula utilis var. Jacquemontii 'Silver Shadow'	Medium sized tree with a conical crown and clear white bark on the trunk and branches. Oval leaves are dark green and drooping, turning yellow in autumn. Male catkins in early spring up to 15cm in length. 6 x 4m.	17L	\$45.00
Blackberry 'Black Satin'	An early ripening thornless variety with large, luscious blackberries with unique tart/sweet flavour. Erect, non-suckering canes. Tolerates heat. Deciduous. Grows rapidly to about 1.5-1.8m tall. Ripening in February.	3.3L	\$18.00
Blackcurrant 'Laxton Tinker'	Consistent heavy cropper bearing fruit ready to harvest in mid summer. Good disease resistance. Sun or part shade. 1.5 x 1.2m.	3.5L	\$25.00
Blechnum discolor <i>Crown Fern / Piupiu</i>	Bright green upright fronds forming a crown shape. With age will form a short trunk. Best suited to dappled shade. 1m x 80cm.	3.5L 12L 22L	\$15.00 \$25.00 \$50.00
Blechnum 'Silver Lady' <i>Dwarf Tree Fern</i>	Often called the Dwarf Tree Fern as when mature it has a short trunk. Prefers a warm sheltered site with adequate moisture. Frost tender. 1 x 1m.	2.5L	\$15.00
Blueberries	Selection available.	2.5L	\$25.00
Bouganvillea 'Scarlet O'Hara'	Deep scarlet flowers, tolerant of hot site but enjoys adequate watering in summer, good climber for fence or pergola, may lose leaves in cold winter.	3.5L	\$15.00
Boysenberry 'Mapua'	Mostly spineless commercial variety with outstandingly flavoured large berries.	3.5L	\$18.00
Brachyglottis greyi	A spreading shrub with daisy-like yellow blooms for most of the year. Prefers a well-drained situation. Great amongst rocks. Silver-edged grey-green leaves make a great contrast against dark foliage. Tolerant of hot sun, poor soils, wind and coastal exposure. Evergreen. 1.2 x 1.5m.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Brachyglottis monroi	Bushy evergreen shrub native to the Marlborough and North Canterbury region. Leaves are spear shaped, green above, white underneath with toothed edges. Attractive bright yellow flowers in summer. Good drainage essential. Tolerant of hot sun, poor soils and wind. Evergreen. 1 x 1m.	3.5L	\$12.00
Buxus sempervirens <i>English Box</i>	Good hedging, suits formal training, singularly or in groups, and in containers.	5cm	\$4.50
Buxus sempervirens <i>English Box</i>	80cm Standards.	12L	\$55.00
Callistemon 'King's Park Special'	Evergreen shrub/small tree with attractive red bottlebrush flowers. Pendulous branches. Will grow in sun or part shade in a well drained site. Great for attracting nectar feeders to the garden. 5 x 3m.	3.5L	\$12.00
Callistemon 'Little John' <i>Bottlebrush</i>	Compact, dwarf form. Grey green foliage and deep red 'brush' flowers spring/early summer. Hardy, evergreen. 75 x 75cm.	3.5L	\$12.00
Callistemon 'Red Clusters'	Vigorous hardy bottlebrush variety. Masses of red bottlebrush flowers spring and autumn. Evergreen, hardy. 3 x 2m.	3.5L	\$12.00
Camellia	Selection available in autumn.	3.3L	\$35.00
Camellia sasanqua 'Setsugekka'	Semi-double white flowers with ruffled edges. Dense, semi-weeping habit, glossy foliage. Good specimen plant or hedge. Evergreen. 2 x 2m.	3.5L	\$15.00
Camellia sinensis <i>Tea Camellia</i>	Evergreen shrub with glossy leaves that have been harvested for thousands of years to make tea. Fragrant single white flowers in autumn. Harvest tender new foliage in spring for optimal quality, flavour will be less delicate from leaves harvested at other times of the year. 2 x 1m if pruned regularly.	3.5L	\$15.00
Canna x generalis 'Bengal Tiger'	A larger growing, brightly coloured variegated canna. Vibrant leaves striped in green, yellow and lime and spectacular orange flowers through summer. This is a 'water' canna variety and is therefore very happy on pond or water margins, but is also tolerant of dry sites too. Dies back over winter, trim spent flowers and scruffy leaves to encourage new growth. 1.8 x 75cm.	3.5L	\$12.00
Canna x generalis 'Tropical Bronze Leaf Scarlet'	Dwarf canna lily with dramatic bronze-burgundy foliage that shows off to perfection its spikes of scarlet-red flowers in summer. It looks wonderful planted in mixed borders or pots. 80 x 80cm.	3.5L	\$12.00
Carex buchananii	Stiff, erect tussock when young, spreading with age, reddish brown colour, bleached curling tips, suits dry conditions. 50-75cm.	2.5L	\$10.00
Carex comans Green 'Frosted Curls'	Densely tufted tussock grass, pale green, flowing habit, groom plants to remove dead foliage, tolerates range of growing conditions. 30-40 cm.	2.5L	\$10.00

Plant name	Description	Pot size	Price
Carex comans 'Bronze'	Lovely pinkish bronze colour. Thrives from coast to sub-alpine, easy to grow. 40 x 40cm.	2.5L	\$10.00
Carex dipsacea	Green sedge, good in damp conditions, sun or shade. 30-70 cm.	2.5L	\$10.00
Carex secta	Large weeping yellowish-green tussock, at its best beside water, in sun or semi shade. 1.5 x 1.5m.	2.5L	\$10.00
Carex tenuiculmis	Reddish brown tussock native sedge, its natural habitat being wetland margins. Slightly smaller than C.secta at 80 x 80cm. Happiest in damp to wet ground.	2.5L	\$10.00
Carex testacea	Densely tufted, arching orange-green tussock, colour stronger in full sun, hardy, coastal, dry. 60 x 40 cm.	2.5L	\$10.00
Carex trifida	A large sedge. Ribbed arching green leaves with bluish-green undersides, prominent flower spikes carried on stiff stems. Best in moist soil, sun or semi-shade. 90 x 90cm.	2.5L	\$10.00
Carex virgata	Hardy, vigorous sedge of wetlands but will grow in dry sites, full sun or shade. 1 x 1m.	2.5L	\$10.00
Carmichaelia muritai <i>Clifford's Bay Broom</i>	Leafless, upright-growing native broom with dense bronze stems and violet/white flowers. Extremely rare in the wild, growing on deeply eroded coastal cliffs on coarse, free-draining gravel. Deciduous, hardy. 6 x 2m.	3.5L	\$15.00
Carmichaelia odorata	This native broom is covered with tiny fragrant mauve and white pea-shaped flowers in spring, sunny position, very hardy. 2m.	3.5L 8.5L	\$15.00 \$20.00
Carmichaelia stevensonii <i>Cord Broom/Weeping Broom</i>	Rare small NZ native tree, growing only in South Marlborough valleys. Weeping leafless branches, pea-like pink/mauve flowers over the summer months. Full sun, well drained soil best. 2-3 x 2-3m.	3.5L	\$15.00
Carmichaelia williamsii <i>Giant Flowered Broom</i>	Rare robust native coastal shrub. Erect, leafless, wide, flattened green branches. These branches have a wavy edge and lower branches are drooping. Large pea-like cream or pale yellow flowers, July to October. Seed pods containing orange and black seeds follow the flowers. Endemic to the North Island, best in coastal, warmer sites in free draining soil. 2 x 2m.	3.5L	\$15.00
Carpinus betulus <i>European/White Hornbeam</i>	Broad spreading form, hardy hedge or woodland tree, good timber, yellow autumn colour. 15m+	3.5L	\$15.00
Carpinus betulus <i>'Fastigiata'</i>	Upright columnar form, great avenue or feature tree, yellow gold autumnal colour, clips and hedges well. 12 x 4m.	12L 16L	\$35.00 \$45.00
Carpodetus serratus <i>Marble Leaf/Putaputāwētā</i>	Upright spreading form, divaricating juvenile form, then more open spreading adult form. Needs moisture. 10 x 4m.	3.5L	\$12.00

Plant name	Description	Pot size	Price
<i>Carya illinoensis</i> <i>Fruiting Pecan</i>	Seedlings. A large, majestic tree with edible nuts boasting a rich, buttery flavour. They can be eaten fresh or used in cooking, particularly in desserts like pecan pie. Plant two or more trees to pollinate. Ripens April. Deciduous. Hardy. 20m+	22L	\$35.00
<i>Castanea sativa</i> <i>Sweet Chestnut</i>	Broadly columnar, edible nuts, coppices well for poles, split posts, firewood, good drainage essential. 25m.	3.5L	\$15.00
<i>Ceanothus 'Roweanus'</i> <i>California Lilac</i>	Erect shrub to small tree. Abundant dark blue flower clusters in spring. Hardy for most conditions, prefers sun and free-draining soil, though will tolerate some shade. Prune annually to maintain shape. Evergreen. 2m x 1.5m.	3.5L	\$12.00
<i>Ceanothus griseus</i> <i>'Yankee Point'</i>	A low growing shrub with glossy, dark, green oval leaves and masses of bright blue flowers. Full sun or part shade. Evergreen. Hardy. 1 x 2m.	3.5L	\$12.00
<i>Cedrus atlantica glauca</i> <i>Blue Atlas Cedar</i>	Large growing stately variety of cedar with an upright habit and stunning silver blue needles. Evergreen. Tolerant of strong winds and moderately coastal hardy. 8 x 5m.	3.5L	\$15.00
<i>Cercis canadensis</i> <i>East Amercian Redbud</i>	Spreading form, attractive pink/lilac pea-like flowers in clusters along branches as the green leaves appear. 5 x 4m.	22L	\$45.00
<i>Cercis canadensis</i> <i>'Forest Pansy'</i>	Small attractive tree, heart shaped burgundy coloured leaves. Deep pink pea-like flowers emerge from the stems early spring. Lovely feature or specimen tree. Hardy. 4 x 4m.	22L	\$65.00
<i>Cercis chinensis</i> <i>Chinese Redbud</i>	Broadly spreading, heart-shaped green leaves, pink pea-like flowers in clusters along bare branches. 2-5m.	22L	\$45.00
<i>Chaenomeles japonica</i> <i>'Alarm'</i> <i>Flowering Quince</i>	Hardy deciduous shrub with single bright red flowers. Easy to grow in either sun or part shade. Can be hedged. Hardy, deciduous. 1.5 x 1.5m.	3.5L	\$15.00
<i>Chaenomeles japonica</i> <i>'Yokuku'</i> <i>Flowering Quince</i>	Single white flowers on this Flowering Quince in spring, followed by small ornamental gold/green fruits. Hardy, deciduous. 1.5 x 1.5m.	3.5L	\$15.00
<i>Chamaecyparis thuyoides</i> <i>'Rubicon'</i>	Dwarf upright conical conifer that has short needles that are blue/green in summer and plum/purple in winter. Best planted in a sheltered rockery or small border. Evergreen. 1m x 30cm.	2.5L	\$15.00
<i>Chamaecytissus palmensis</i> <i>Tree Lucerne/Tagastate</i>	Fast growing shelter, profuse flowers loved by bees and wood pigeons. 3-4m.	3.5L	\$12.00
<i>Chimonanthus praecox</i> <i>Winter Sweet</i>	Broadly spreading, pale waxy yellow sweetly scented flowers in winter, likes good drainage and calcium rich soils. 1-3m.	3.5L	\$15.00
<i>Chionochloa flavicans</i> <i>Miniature toe-toe</i>	Hardy small toe-toe, attractive pale green plumes when flower heads first appear, tolerates dry but better with some water. 1 x 1m.	tubes 2.5L	\$5.00 \$12.00
<i>Chionochloa rubra</i> <i>Red tussock</i>	Tall growing graceful tussock, great planted en masse. 1.2m x 1.2m.	5cm 2.5L	\$4.50 \$10.00

Plant name	Description	Pot size	Price
Choisya ternata <i>Mexican Orange Blossom</i>	Hardy, neat, rounded bush, starry white flowers, clustered head in summer, hedges well, likes sun and good drainage. 1.5 x 1.5m.	3.5L	\$12.00
Chosyia ternata 'Aztec Pearl'	As above but leaf form is long and narrow. 1.5 x 1.5m.	3.5L	\$12.00
Cistus 'Bennett's White'	Beautiful variety that has dark green leaves and large white flowers with a yellow centre. Hardy evergreen for sun or partial shade. 1m x 1.5m.	3.5L	\$12.00
Cistus x pulverulentus 'Sunset' <i>Magenta Rock Rose</i>	Superb little shrub for those hot, dry spots in the garden. Aromatic grey green leaves and hot rose pink flowers through the year. Good coastal plant. Trim lightly to maintain shape. Evergreen. 60 x 120cm.	3.5L	\$12.00
Citrus lemon <i>Meyer Lemon</i>	Prolific cropper, every garden should have one. 2 x 2m.	3.5L 8.5L	\$20.00 \$35.00
Citrus Lime <i>Tahitian Lime</i>	Good producer, culinary and drinks favourite, warm sheltered position. 2.5 x 2.5m.	3.5L 8.5L	\$20.00 \$35.00
Citrus selection	A selection of grafted oranges, mandarins and grapefruit in early autumn.	3.5L	P.O.A
Clematis armandii	Climber with lovely deep green foliage and masses of beautifully fragrant white starry flowers in spring. Will be evergreen in warmer, frost free gardens, but semi-evergreen in cooler sites. Plant in a sheltered spot.	3.5L	\$15.00
Clematis rubra	Deciduous perennial climber with red/pink flowers. Clematis prefer to grow with roots in the cool and their heads in the sun.	3.5L	\$15.00
Clematis paniculata <i>Puawānanga</i>	Vigorous, woody native clematis. Will grow over 9m. White starry flowers in spring. Evergreen. Prefers a moist site where it can scramble up to the sun.	3.5L	\$15.00
Clianthus puniceus rosea <i>Red Kaka Beak</i>	Red, nectar filled, flowers shape of a parrots beak early summer attract birds, sun or partial shade, protect from strong wind and frost, deeply worked free draining soil, keep moist and mulch in dry periods. 2 x 2m.	2.5L	\$12.00
Clivia miniata	Strappy green leaves and tubular orange flowers on stems late winter to early summer. Happiest in shade. Evergreen. Frost tender. 45 x 75cm.	2.5L	\$12.00
Coleonema p. 'Alba'	Compact evergreen shrub with aromatic bright green foliage and a rounded habit. Mass of small white flowers late winter through to spring. Trim to maintain shape. Sunny site best. 1 x 1m.	2.5L	\$12.00
Coleonema 'Pinkii' <i>Breath of Heaven</i>	Dainty aromatic foliage and tiny pale pink flowers late winter/spring. Very easy to grow. Prefers very little fertiliser. Trim to shape. Tolerant of light frost. Evergreen. Sunny site best. 1 x 1m.	2.5L	\$12.00
Coleonema p. 'Sunset Gold'	Prostrate, brilliant golden-yellow foliage, pale-pink starry flowers, early summer, full sun, can be clipped. 30-70 cm x 1.2m.	2.5L	\$12.00

Plant name	Description	Pot size	Price
<i>Convolvulus cneorum</i>	Compact, silvery-grey shrub, masses of white open-trumpet flowers early summer/autumn. Sunny, open, free-draining site. Prefers not to be watered in dry periods. 60cm x 1m.	3.5L	\$12.00
<i>Convolvulus mauritanicus</i>	A vigorous ground cover with violet mauve flowers through spring and autumn. Prefers well drained soils in full sun. Good for coastal planting or cascading over walls. Effective on mass planting. 20cm x 2m.	3.5L	\$12.00
<i>Coprosma acerosa</i>	Compact spreading shrub with tangled orange/brown branches. Tolerates very poor soils, hot and dry coastal sites. Great for holding together sand dunes. The small white fruit is a favourite of skinks. Dislikes wet. Evergreen. Hardy. 2 x 2m.	3.5L	\$12.00
<i>Coprosma</i> 'Hawera'	Attractive, hardy, grows flat to the ground, sun or part shade. 15cm x 1.2m.	3.5L	\$12.00
<i>Coprosma</i> x <i>kirikii</i>	Vigorous groundcover, bronzy-green leaves, good for coastal planting, banks, walls, responds to hard trimming (in spring). 40cm x 1.5m.	3.5L	\$12.00
<i>Coprosma</i> 'Lighthouse'	Newly discovered variety of coprosma. Tidy compact habit. Good for a coastal site. Grow as a ground cover or can be clipped as a low hedge. Full sun, evergreen, hardy. 50cm x 1m	2.5L	\$12.00
<i>Coprosma</i> 'Lobster'	An attractive variant of <i>Coprosma rugosa</i> . An extremely tough native shrub with interesting texture. Foliage is vibrant red with a mass of interwoven branches. For sun or part shade. Evergreen. Hardy. 3 x 2m.	3.5L	\$12.00
<i>Coprosma</i> 'Middlemore'	Attractive shrub with a tight bushy habit. Highly glossy dark green small leaves. Lovely as a low hedge and looks good trimmed. Good for coastal and exposed sites but protect from heavy frost. Evergreen. 1.5 x 1m.	2.5L	\$12.00
<i>Coprosma</i> 'Pacific Sunset'	Striking evergreen with glossy wavy leaves with brown and red variegation. Good for pots or in the garden. Good for coastal planting. 1 x 1m.	2.5L	\$12.00
<i>Coprosma propinqua</i> <i>Mingimingi</i>	Large, tough shrub with interlacing branches and foliage. Plentiful small fruits important food source for native birds. Tolerates wet soils. Evergreen. Hardy. 5 x 2.5m.	3.5L	\$12.00
<i>Coprosma</i> 'Taiko'	Hardy groundcover, mounding form, attractive small dark green leaf. 30 x 1.2m.	2.5L	\$12.00
<i>Coprosma</i> r. 'Poor Knights'	Hardy, prostrate, glossy green foliage, orange berries from the Poor Knights Islands. Frost tender. 60cm x 1m.	3.5L	\$12.00
<i>Coprosma repens</i> <i>Taupata</i>	Large shrub to small tree with broad glossy, dark-green leaves. Showy clusters of orange/red fruit from January-March are great for attracting birds. Fine on coast. Hedges well. Shade tolerant. Evergreen. Avoid very heavy frost. 5 x 3m.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Coprosma robusta	Fast growing hedging and 'nurse' plant. Competes well with gorse. Laden with bright orange fruits/ seeds January to July so great for attracting birds. Sun or shade. Tolerant of light frost. Evergreen. 5 x 4m.	3.5L	\$12.00
Coprosma virescens <i>Mikimiki</i>	Attractive divaricating extremely tangled branches with tiny leaves, overall golden coppery glow, can be hedged, tolerant of dry conditions and poor soil. 3 x 2m.	3.5L	\$12.00
Cordyline australis <i>Ti kōuka/Cabbage tree</i>	Classic Aotearoa, hardy, tall trunk, rough fissured bark, arching sword-like leaves, fragrant creamy white flowers spring/summer. 6 x 2m.	3.5L	\$12.00
Cordyline 'Black Knight'	Deep purple strappy leaves. Makes a great accent plant. Frost tolerant. Hardy. Evergreen. 2-3m.	3.5L	\$15.00
Cordyline 'Broadsword'	Striking native, wide green 'sword-like' leaves, looks great in pots, giving a tropical look. Full sun, well drained soil. Protect from heavy frosts. 2.5 x 1.5m.	3.5L 8.5L	\$22.00 \$35.00
Cordyline 'Red Star'	Slender deep red, gently arching foliage. Good for containers or garden beds. If in full sun, colour will be less vibrant. Evergreen. 3 x 1.5m.	3.5L	\$15.00
Cordyline 'Renegade'	Clump forming, burgundy/chocolate foliage. Sun or part shade with good drainage. Evergreen. 2.5 x 1m.	3.5L	\$15.00
Cornus controversa variegata <i>Wedding Cake Tree</i>	Beautiful small deciduous specimen tree. Strongly tiered branches green margined with cream and turning yellow in autumn. Small, cream flowers in flat clusters in late spring are followed by black berries. 3m x 2m.	3.5L	\$35.00
Cornus florida <i>North American Dogwood</i>	Branches grow in a horizontal tiered pattern, masses of upward facing white, four-petalled bracts make a stunning display in spring. Clusters of red berries attractive to birds follow flowers. Vivid orange, red and purple autumn colours. 5 x 4m.	3L 8.5L	\$15.00 \$35.00
Corokia 'Bronze King'	Small bronze leaves. Hardy. Good hedge when trimmed. birds enjoy the heavy crop of red berries that follow the small flowers. 2 x 1.2m.	3.5L	\$12.00
Corokia buddleoides	Multi branched slender shrub with long narrow leaves. Suitable low shelter or hedging. Tolerant of shade. Evergreen. Frost tender when young. 2 x 2m.	3.5L	\$12.00
Corokia cheesemanii	Sun, wind, frost hardy, upright form, narrow green leaves, red berries, good hedging. 2 x 1.5m.	3.5L	\$12.00
Corokia cotoneaster <i>Korokio</i>	Tough hedging and ornamental shrub. Attractive fine silvery grey foliage, masses of small bright yellow flowers in early summer. Tangly, divaricating habit. Red berries Feb-April. Evergreen. V hardy. 3 x 2m.	2.5L	\$12.00
Corokia 'Frosted Chocolate'	Large chocolate-brown 'frosted' leaves. Sturdy form. Red berries after small yellow flowers. 2 x 1.5m	3.5L	\$12.00

Plant name	Description	Pot size	Price
Corokia 'Geenty's Ghost'	Lovely silver grey foliage on this variety bred by NZ plantsman Mike Geenty. Looks great as a tidy clipped hedge or as a contrast shrub in the border. Evergreen, hardy. Sun or semi-shade. 1-2 x 1-2m.	3.5L	\$12.00
Corokia 'Geenty's Giant'	Slender growing shrub, with green foliage that turns bronze in the cooler months. Great hedging plant. Coastal and wind tolerant. Evergreen. 2 x 1m.	3.5L	\$12.00
Corokia 'Geenty's Green'	Very popular Corokia hybrid with large, light olive green leaves and an upright form. Looks great as a clipped hedge. Full sun and good drainage. Evergreen. Hardy. 1.5 x 1.5m.	3.5L	\$12.00
Corokia 'Sunsplash'	Creamy-yellow leaves splashed green. Sunny position will give best colour. 2 x 1.5m.	3.5L	\$12.00
Corymbia citriodora <i>Lemon Scented Gum</i>	Beautiful tall tree with smooth, silvery white bark. The long leaves are lemon scented. Citronella oil is distilled from the leaves. White flowers. Protect from frost when young. 18 x 7m.	3.5L	\$15.00
Corynocarpus laevigatus <i>Karaka</i>	Handsome, upright native tree with a dense, bushy top. Features large glossy leaves and ornamental orange fruit, highly valued by Maori. The kernal of the fruit is poisonous. Frost tender. Good for coastal sites. Evergreen. 12 x 4m.	3.5L 8.5L	\$15.00 \$35.00
Cotinus coggygia 'Purpurea' <i>Purple Smoke Bush</i>	Deep burgundy foliage and dense bushy habit. Lovely autumn colours. Trim in winter. Hardy. 2.5 x 2.5m.	3.5L	\$15.00
Cranberry 'Crowley'	Cranberry grown commercially in the U.S. for its fruit. Good yields of medium/large red berries late summer. Also an attractive evergreen ground cover. Self-fertile.	3.5L	\$15.00
Cryptomeria japonica <i>Japanese Cedar</i>	Very hardy. Good shelter or hedge. Soft, fragrant timber is weather and insect resistant. Avoid dry or water logged sites. Popular forestry tree in Japan. Evergreen. Frost hardy. 20 x 5m.	3.5L	\$15.00
Cupressocyparis x leylandii 'Haggerston Grey' <i>Leyland Cypress</i>	Fast growing, excellent shelter. Good for dry sites and cold hardy. Evergreen. 30m x 7m.	3.5L	\$15.00
Cupressus x leylandii 'Naylor's Blue'	Attractive Cypress variety with blue/green foliage. Lighter branching, narrower form than some other varieties. Potential timber tree. Evergreen. Hardy. Fast growing. 30 x 7m.	3.5L	\$15.00
Cupressus x ovensii <i>Ovens Cypress</i>	Fast-growing forestry or trimmed shelterbelt clone. Attractive dark-green flattened foliage makes a great hedge with trimming. Light branching. Excellent timber. Forms heartwood early. Resists cypress canker. Evergreen. Hardy.	3.5L	\$15.00
Cupressus gracilis <i>Italian Cypress</i>	Tall, slender growth habit. Fresh green foliage. Sunny site with good drainage. Hardy, evergreen. 3 x 1m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Cupressus arizoniac 'Blue Ice' <i>Blue Arizona Cypress</i>	Compact, conical selection with exceptionally attractive frosty, silver blue foliage. Extremely tolerant of hot sun, drought and exposure. Good choice for a low maintenance garden. 5 x 3m.	3.5L	\$15.00
Cupressus 'Swane's Gold' <i>Swane's Gold Italian Cypress</i>	Narrow upright form and golden foliage. Creates a good focal point or good in a narrow garden bed. Sun and well drained site best. Good for coastal. Evergreen. 6 x 1m.	3.5L	\$15.00
Cupressus s. 'Totem'	A superb form of Italian cypress. Very narrow upright form. Dark green foliage. Good for a formal design. Sun and well drained best. Very hardy. 4 x 1m.	3.5L	\$15.00
Cyathea dealbata <i>Silver fern</i>	Cyathea dealbata is probably the most well-known of the NZ Tree Ferns due to its status as New Zealand's national symbol. This variety will tolerate exposure to the elements, but will never look as beautiful. It is best suited to partial shade and sheltered conditions.	Various sizes	P.O.A
Dacrydium cupressinum, <i>Rimu/Red Pine</i>	Slow growing, handsome graceful specimen. Prefers cool moist conditions, protect from hottest sun, mulch well. 25 x 9m.	2.5L	\$15.00
Dacrycarpus dacrydiodes <i>Kahikatea, White Pine</i>	Tall growing native tree. Suits swampy conditions. 9m after 20 years, final height to 60m.	3.5L 8.5L	\$15.00 \$35.00
Dahlia varieties	A variety of Dahlias seasonally available.	10L	\$15.00
Daphne bholua <i>Tree Daphne/Himalayan Daphne</i>	Taller growing Daphne variety, strongly fragrant small white/pink flowers along its stems. Good mingled amongst other shrubby plants due to its tendency to be tall and leggy. Semi evergreen, will lose leaves in extremely cold weather. 2 x 1m.	3.5L	\$25.00
Daphne odora alba	Evergreen shrub with highly fragrant small white flowers in winter through to spring. Prefers slightly more acidic soil, sun or part shade with good drainage. Hardy to frost once established. 1 x 1m.	2.5L	\$25.00
Daphne odora leucanthe	Beautifully fragrant in the cooler months, covered with pretty small pink flowers. Happiest in semi shade and more acidic soil. 1 x 1m.	2.5L	\$25.00
Davidia involucrata <i>Dove tree</i>	Forms a stately tree with rounded crown. White flower bracts appear like doves or small handkerchiefs in late spring/early summer. May take 10 years to flower. Allow ample space, shelter from strong winds. Likes moisture-retentive, good draining soil. 8m+	3.5L	\$15.00
Deutzia crenata 'Nikko'	Pretty little shrub, has a rounded habit, smothered with small double white flowers in early spring. Leaves turn burgundy before falling in autumn. Hardy and easy to grow in a moist site, sun or part shade. 1.5 x 1.5m.	2.5L	\$12.00
Dianella nigra <i>Turutu, Blueberry</i>	Hardy, tufted plant resembling small flax. Dainty white flowers in late spring followed by ornamental glossy dark purple/mauve berries. Plant in sun or semi shade with good drainage. Good as mass planting. 60 cm.	2.5L	\$12.00

Plant name	Description	Pot size	Price
Dianella 'Petite Marie'	Dark green grass-like foliage and sky blue flowers in spring/summer followed by blue/purple berries. Tolerant of many conditions, is a good coastal choice. 50 x 50cm.	2.5L	\$12.00
Dianella revoluta 'Revelation'	Upright blue/green foliage. Blue flowers in spring followed by attractive edible berries. Sunny to partly shaded position. 50 x 50 cm. PVR.	3.5L	\$15.00
Dianella 'Silver Streak'	Green and white/cream striped foliage. Great for some contrast. Hardy. Evergreen. Sun or part shade. 50 x 60cm.	2.5L	\$12.00
Dichondra repens <i>Kidney weed</i>	Native herbaceous perennial, ideal no-mow 'lawn'. Full sun or semi shade. Fine for a coastal site. 5cm x 1m.	2.5L	\$12.00
Dicksonia fibrosa <i>Whēkī-ponga</i>	Dicksonia fibrosa is a slow growing, very hardy tree fern which will reach up to 6m in height (although over many decades). It has a very thick, fibrous trunk and produces a beautiful crown of fronds in a shuttlecock shape. The fronds feel very crisp to touch, grow 1–2m in length and create a very symmetrical appearance.	Various sizes	P.O.A
Dicksonia squarrosa <i>Whēkī</i>	Fast growing tree fern in terms of trunk formation. 'Tolerant' of full sun and some wind, but will look it's best in a sheltered more shady site. Likes consistent, good moisture levels. 2–6m.	Various sizes	P.O.A
Diospyros kaki <i>Japanese Persimmon</i>	Seedling, not grafted. Medium sized round topped deciduous tree bearing bright orange fruits in autumn. Fruit may take up to 10 years on a seedling tree, so for best fruiting results use as a rootstock for a named graft. Otherwise a lovely specimen tree with beautiful autumn colour. 12 x 7m.	3.5L	\$45.00
Dietes grandiflora <i>South African Native Iris</i>	Rigid sword-like leaves, large white flowers with yellow nectar guides and violet central segments in October held on tall stems, frost and drought hardy, good drainage, full sun. 1.5m.	2.5L	\$12.00
Dodonea viscosa <i>Green Ake ake</i>	Tough, shelter shrub/small tree for exposed coastal conditions, attractive seed capsules. 4 x 2m.	3.5L	\$12.00
Dodonea viscosa 'Purpurea' <i>Purple Ake Ake</i>	Hardy, greenish purple foliage, attractive pink seed capsules. 4 x 2m.	3.5L	\$12.00
Dysoxylon spectabile <i>Kohekohe</i>	Handsome native tree with greyish trunk and waxy leaves. Small white flowers emerge out of the trunk and branches in June, followed by small red seeds. Found in Northern coastal areas so needs a frost free, moist, well drained site. Will tolerate shade. Good food for native birds. 7 x 4m.	2.5L	\$15.00
Eleocarpus hookerianus <i>Pōkākā</i>	Interesting native canopy tree. Divaricating juvenile form, changes to larger green olive serrated leaves. Small white flowers and purple olive-like berries attract birds and bees. Often found on valley floors in mountainous areas. Evergreen. Hardy. 12 x 15m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Eryngium 'Blue Hobbit' <i>Sea Holly</i>	Compact perennial with a profusion of small egg-shaped 'thistle-like' purplish/blue flowers over summer. The more sun it receives the more blue the flowerheads. Good cut flower and attractive to bees and butterflies, perfect for a sun baked spot. If the soil is too moist or rich the plant will become sprawly in habit so poor soil is best. Cut back late summer when flowering has finished. Will self sow, they dislike being transplanted once established. 30 x 30cm.	2.5L	\$12.00
Escallonia 'Fields Scarlet'	Fast growing shrub. Masses of bright scarlet flowers. Small glossy leaves. Very hardy. 2 x 1.2m.	3.5L	\$12.00
Escallonia laevis 'Gold Brian'	New Escallonia variety with unusual gold foliage with greenish lemon new tips. Reddish/pink flowers spring/summer. Sun or part shade. Evergreen. 1.3 x 1.5m.	3.5L	\$12.00
Escallonia 'Red Dream'	Dwarf variety with small glossy leaves, red branchlets, crimson red flowers summer/autumn. Can be clipped, low hedge or in a pot. 1 x 1m.	3.5L	\$12.00
Escallonia rubra 'Red Knight'	Bushy, compact evergreen shrub. Great for hedging. Fast growing, in sun or part shade. Masses of small cherry red flowers in summer through to autumn. Glossy green leaves. Can be trimmed to shape. 2 x 2m.	3.5L	\$12.00
Escallonia 'White Profusion'	Shrub with shiny serrated foliage which tolerates seaside positions. White flowers throughout the summer. Fast growing upright form. Fantastic low hedging. Attractive to bees. 4 x 2m.	3.5L	\$12.00
Eucalyptus cineraria <i>Silver Dollar Gum</i>	Fast growing, attractive tree with furrowed bark and silver leaves. Small white flowers in winter a valuable nectar source for birds and bees. Tolerant of wet, dry, salt, winds and frost. Good cut foliage. Evergreen. 10 x 6m.	3.5L	\$15.00
Eucalyptus citriodora syn. <i>Corymbia citriodora</i> <i>Lemon Scented Gum</i>	A magnificent tall gum for lining driveways or planting in groves. Long straight smooth white bark, white branches and an airy open crown. Leaves strongly lemon scented. Protect from frost, otherwise a hardy fast growing tree also good for timber. 18 x 7m.	3.5L 12L	\$15.00 \$35.00
Eucalyptus coccifera <i>Tasmanian Snow Gum</i>	Adaptable species suitable as shelter or a highly ornamental tree on cold sites. Decorative white and grey bark reveals yellow or pink bark underneath creating rainbow-like patterns. Creamy white flowers from January to February. Evergreen. Very snow, wind, frost hardy. 15 x 3m.	8.5L	\$35.00
Eucalyptus leucoxylon 'Rosea' <i>Yellow Gum</i>	Medium sized, spreading tree, produces valuable winter nectar through the masses of red flowers from May-Spetember. Tui's, Bellbirds and bees love them. Hard, durable timber. Drought tolerant. OK on clay soil. Evergreen, tolerates only moderate frosts. 15 x 9m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Eucalyptus nicholli <i>Willow Peppermint</i>	Graceful weeping tree with fine blue/green leaves that will provide dappled shade. White flowers in autumn loved by bees for their nectar. Withstands mild frost, drought and wind. 10 x 7m.	3.5L	\$15.00
Eucalyptus nitens <i>Shining Gum</i>	Good fast growing firewood tree. Also great for shelter and timber. Frost tolerant, will grow in most soils. Flowers Jan to March. 20m+.	Tubes 3.5L	\$4.50 \$15.00
Eucalyptus ovata <i>Swamp Gum</i>	Tolerates extremes of water-logging and drought. Useful for shelter and provides good firewood. White flowers from March-June. Evergreen. Frost tolerant. 20 x 6m.	3.5L	\$15.00
Eucalyptus saligna <i>Sydney Blue Gum</i>	Magnificent tall ornamental, timber tree. Smooth bluish-white bark, masses of white blossoms summer and autumn. Mildly frost hardy. Likes deep, fertile, heavier soils. 30m.	3.5L 8.5L	\$15.00 \$35.00
Euonymus 'Emerald Gem'	Hardy, small green box-like leaves, compact. Great alternative to buxus hedging. Evergreen. 50 x 50cm.	3.5L	\$12.00
Euphorbia dulcis 'Chameleon'	Plants form a mound of stunning burgundy-purple foliage and small clusters of greenish yellow flowers, flushed with purple in spring and early summer. Trim back very early spring to maintain bushiness. 30 x 50cm.	3.5L	\$12.00
Euphorbia glauca <i>Shore spurge</i>	Rare coastal plant with great ecological importance. Wide sprawling habit. Blue/grey/green foliage. Attractive tiny red/pink flowers from September to March. Great ornamental plant for texture and contrast. Evergreen. Hardy. 1 x 2m.	3.5L	\$12.00
Fagus sylvatica <i>European Beech</i>	Broad, spreading, slow growing, magnificent specimen tree or hedge. Lime dress if planting in clay soils. Deciduous. 30–40m.	3.5L 12L	\$15.00 \$25.00
Fagus sylvatica 'Purpurea' <i>Copper Beech</i>	Broad spreading magnificent specimen tree. Deep purple foliage. Slow growing. 25–30m.	3.5L 12L	\$15.00 \$25.00
Feijoa sellowiana	This attractive evergreen tree flowers in time for Christmas. Flowers are loved by nectar feeding birds and bees. Seedling-grown. Ideal for hedging. Will produce fruit but is often small. Very tolerant of coastal conditions. 3 x 2m.	3.5L	\$15.00
Feijoa selection	A selection of varieties available over autumn/winter.	3.3L	P.O.A
Felicia amelloides	Evergreen, low growing perennial with pretty sky blue 'daisy' flowers. Good in rockeries or pots. Best in sun and lighter, well drained soil. 50 x 50cm.	3.5L	\$12.00
Festuca actae <i>Banks Peninsula Blue Tussock</i>	A small tussock from Banks Peninsula with fine silvery-blue foliage. Great for mass planting in dry exposed sites. 30 x 30cm.	2.5L	\$10.00
Ficus	Edible Fig selection available	3.5L	\$28.00
Ficus pumila <i>Creeping Fig</i>	Evergreen creeping, self-clinging plant, best on rough walls.	2.5L	\$12.00

Plant name	Description	Pot size	Price
Forsythia x intermedia	Large, deciduous shrub. Forms a 'fountain' shape with upright, arching branches. Bright yellow flowers cover the bare branches in spring. Full sun but tolerant of part shade. 3 x 3m.	3.5L	\$12.00
Fraxinus griffithii <i>Evergreen Ash</i>	Fast growing, drought tolerant, attractive evergreen tree. White flowers appear in panicles in spring. Frost tender when young. Good specimen or shade tree. 6 x 3m.	3.5L 12L	\$15.00 \$35.00
Fruit trees	A selection of bare root pip and stone fruit will be available from July onwards.	Bare root	P.O.A
Fuchsia excorticata <i>Tree Fuchsia/Kōtukutuku</i>	Largest fuchsia in the world. Small tree with stunning orange-brown papery bark and interesting twisted shape. Purple-red flowers early spring to summer. Edible fleshy konini fruit from January to March is sweet and tasty. Attractive to bees. Prefers moist soil. Hardy. 6 x 3m	3.5L	\$15.00
Fuchsia magellanica	Selection available.	3.5L	\$12.00
Fuchsia procumbens	Native ground-cover or trailer, attractive bright green rounded leaves, interesting upright flowers yellow flowers with blue pollen, followed by red berries. Best in partial shade. 20cm x 2m.	2.5L	\$12.00
Fuscospora fusca <i>Red Beech</i>	Lovely native beech. Young trees have bright red foliage in the winter. Suits a cool, moist, sheltered site with deep well drained soil. Evergreen. Hardy. 30 x 5m.	3.5L	\$15.00
Fuscospora solandri <i>Black beech</i>	Formerly Nothofagus solandri. Tall, attractive tree. More wind hardy than other beeches. Suits moderately fertile soil with good drainage. 20 x 5m.	3.5L	\$15.00
Fuscospora solandri cliffortioides <i>Mountain beech</i>	Elegant form, smaller growing than Black beech, good drainage. 12 x 5m.	3.5L	\$15.00
Gardenia 'Professor Pucci'	Brilliantly fragrant with soft creamy double flowers on deep green foliage makes for a great show. Prolific feeder, but tolerant of most soils. Frost tender. 1 x 1m.	3.5L	\$15.00
Gardenia radicans	Gorgeous heavily fragrant double white blooms on this groundcover Gardenia. Best grown in a sheltered warm site with protection from cold and frost. 40 x 80cm.	2.5L	\$15.00
Gardenia 'True Love'	Big double white deliciously fragrant blooms, glossy evergreen foliage. Hardy and pest resistant. Best in a warm, sheltered site with rich fertile soil. 1 x 1m.	3.5L	\$15.00
Gaura lindheimeri <i>'Sparkle White'</i>	Clump forming perennial so named for its pretty white flowers atop tall stems like butterflies. Very easy care. Drought and frost tolerant. Trim back after flowering. 60 x 60cm.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Geranium 'Tiny Monster' <i>Cranesbill Geranium</i>	Fast growing perennial geranium. Masses of magenta flowers through summer and into autumn. Good in pots and in full sun or part shade. 20 x 50cm.	2.5L	\$12.00
Ginkgo biloba <i>Maidenhair tree</i>	Attractive tree with fan shaped lime-green leaves and stunning butter yellow autumn colour. Suits moist soil on a sheltered site. 15 x 8m.	3.5L 8.5L	\$15.00 \$35.00
Ginkgo biloba 'Autumn Gold'	A long-lived tree with a tall angular head and erratic branching. Unique fan-shaped leaves are deep green and turn golden yellow in autumn. Unlike the female tree, 'Autumn Gold' is a male and therefore does not have the smelly fruit. 7 x 5m.	3.5L	\$35.00
Ginkgo 'Jade Butterflies'	Small Ginkgo cultivar with a stocky rounded habit. Well suited to smaller gardens. Lovely butter yellow autumn colour. Deciduous. Hardy. 3 x 2m.	3.5L	\$35.00
Gordonia axillaris	Evergreen small tree with glossy dark green leaves and large creamy white flowers with golden stamens. Slow growing. Good in full sun or part-shade. Lightly tip prune after flowering if a bushy shrub is required. 4.5 x 3m.	3.5L	\$15.00
Grape varieties (Table)	Selection available	3.5L	\$22.00
Grape - Ornamental	See <i>Vitis vinifera purpurea</i>	3.5L	\$22.00
Grevillea 'Aussie Crawl'	Vigorous evergreen ground cover. New leaf growth has bronze tones. Burgundy/scarlet 'toothbrush' flowers autumn/winter. Attractive to nectar feeders. Very hardy. 30cm x 2m.	3.5L	\$15.00
Grevillea barkleyana	Tall, fast growing large shrub/small tree. Large, deeply cut leaves, red 'toothbrush' flowers winter/spring. Good winter nectar for birds and bees. Sun and well drained. 8 x 3m.	3.5L	\$15.00
Grevillea 'Cream and Green'	Fast growing, easy care shrub that will tolerate poorer soil. Spider-like blooms of cream and green. Likes sun and well drained site. Protect from very hard frost. Evergreen. 1.5 x 1.5m.	3.5L	\$15.00
Grevillea 'Bronze Rambler'	Vigorous groundcover with bronzy red new growth and deep red 'toothbrush' flowers through-out the year. Full sun or semi shade, prefers good drainage but will still grow well in clay banks or sandy soils. 75 cm x 3m. (Usually only available in March/April, pre-order recommended).	3.5L	\$15.00
Grevillea 'Drummer Boy'	Small leaved dwarf form of G. Mt. Tamboritha. Cream red/pink spidery flowers in winter. Hardy, sun lover. 30 x 30cm.	2.5L	\$15.00
Grevillea 'Gaudi Chaudi'	Great as ground cover or cascading over walls and banks. Masses of dark red bottlebrush-like flowers over a long period. Great nectar for birds and bees. Hardy. Sunny site best. 30cm x 1m. (Usually only available in March, pre-order recommended).	3.5L	\$15.00

Plant name	Description	Pot size	Price
Grevillea 'Gin Gin Gem'	Prostrate shrub, glossy mid-green leaves, spidery dark red flowers over winter and spring. Valuable nectar for birds and bees. Great for cascading over walls and banks. Prefers a sunny site, protect from heavy frost. 20 x 50cm.	3.5L	\$15.00
Grevillea 'Mt. Tamboritha'	Mounding, prostrate shrub with a mass of pink and cream flowers over a long period. Great for cascading over walls and banks. Attractive to nectar feeders. Sunny site best and dry tolerant. Hardy, evergreen. 30 x 80cm.	3.5L	\$15.00
Grevillea 'Nancy Otzen'	Compact evergreen shrub bearing clusters of deep pink flowers highlighted by mid green foliage. Quick growing, rounded growth habit. Flowers from autumn to spring. Tough and hardy. 1.5 x 1.5m.	3.5L	\$15.00
Grevilla 'Poorinda Elegance'	Outstanding cultivar with apricot and red flowers borne in spring through to autumn. Growth habit is upright and spreading. 1.8m.	3.5L	\$15.00
Grevillea 'Red Clusters'	Handsome fine bronze foliage on this Grevillea contrasts well with the masses of red flowers produced from autumn to spring. Slight weeping form. Dry tolerant, evergreen and hardy. 70 x 70cm.	2.5L	\$15.00
Grevillea 'Red Dragon'	Creamy white and light green variegated foliage and red spidery flowers spring and early summer. Prefers sunny site. Evergreen. 1 x 1m.	3.5L	\$15.00
Grevillea 'Royal Mantle'	Vigorous and hardy ground cover, good for areas requiring fast coverage. Deep red/pink flowers for most of the year. Evergreen. 20cm x 1m.	3.5L	\$15.00
Grevillea 'Scarlet Sprite'	Super hardy. Will tolerate heat, neglect and frost. Clear scarlet flowers most of the year enjoyed by nectar feeding birds. Evergreen. 1.5 x 1.5m.	3.5L	\$15.00
Grevillea 'Tranquility'	Lovely small shrub. Soft grey-green leaves and masses of pastel pink and cream flower clusters in winter and spring. Frost hardy, evergreen. 1 x 1m.	3.5L	\$15.00
Grevillea 'White Wings'	Vigorous, bushy evergreen shrub. Long flowering, lightly fragrant white flowers. 2 x 3m.	3.5L	\$15.00
Griselinia 'Ardmore Emerald'	A popular, darker green broadleaf form with glossy emerald green leaves. Forms a very dense shrub which can be clipped into many forms. Ideal for hedging and screening. Adaptable, will grow well on many sites throughout New Zealand. Evergreen. Hardy. 4 x 2.5m.	2.5L	\$12.00
Griselinia littoralis 'Canterbury'	Hardy broadleaf selection, darker contrasting stems, slightly smaller leaf. 4 x 2.5m.	3.5L	\$12.00
Griselinia littoralis 'Broadway Mint' <i>Broadleaf</i>	Fast growing, upright form. Tolerates coastal conditions and is cold and wind hardy. Leaf margins slightly wavy. 5 x 2.5m.	2.5L	\$12.00
Griselinia littoralis <i>Kapuka/Broadleaf</i>	Handsome, hardy shrub, small tree or hedge. Shiny round vivid green leaf. Good in sun or shade, tolerant of salt, wind and frost. 6 x 2.5m.	2.5L	\$12.00

Plant name	Description	Pot size	Price
Griselinia litt. 'Whenuapai'	Recent Griselinia introduction. Glossy, deep green foliage and extremely hardy. Sun or part shade. Evergreen. 2-3 x 2-3m. PVR	2.5L	\$15.00
Griselinia lucida <i>Akapuka</i>	Thick, broad-ovate, glossy, egg-shaped leaves. Grows in sun or shade. Frost tender when young. 5 x 3m.	2.5L	\$15.00
Hakea laurina <i>Pin Cushion Hakea</i>	Interesting upright shrub or small tree from South Western Australia. Deep pink to red clustered flowers that resemble a pin cushion. Flowers between April and August. 5 x 3m.	8.5L	\$35.00
Hamamelis x intermedia <i>Hybrid Witch hazel</i>	Broadly spreading deciduous shrub. Great autumn colour, small fragrant spidery yellow/red flowers over winter. Very cold hardy. 5 x 3m.	3.5L	\$15.00
Hebe 'Blue Gem'	Also known as 'Combe Royal'. Vigorous shrub with large, rounded glossy green leaves and sweet smelling purple/blue flowers which fade to white. Very tolerant of sandy growing conditions. Evergreen. 1.5 x 1.5m.	3.5L	\$12.00
Hebe diosmifolia	Low, spreading, flowers pale lavender, fading to white, early spring through mid-summer. 75 x 75cm.	3.5L	\$12.00
Hebe 'Emerald Gem'	Lovely shrub that forms rounded mounds of bright green leaves with masses of small white flowers in spring. 40 x 50cm.	2.5L	\$12.00
Hebe 'First Light'	A compact, low growing shrub with bronze coloured leaves. Short pink flowers summer and autumn. 40 x 60cm. PVR.	2.5L	\$12.00
Hebe 'Flame'	Deep magenta red flowers on long spikes will smother this hardy shrub in the summer months. The foliage of this little beauty will turn to a dark green-tinged red during the winter months. 75 x 75cm.	3.5L	\$12.00
Hebe 'Inspiration'	Rounded, compact evergreen shrub with purple flowers in summer. Dark green glossy, oblong leaves. 75 x 75 cm	2.5L	\$12.00
Hebe laingii	Whipchord hebe from alpine sites. Small white flowers on the tips of stems in summer. Good for coastal and rockeries. Tolerant of high winds. Sun and well drained best. 30 x 30cm.	3.5L	\$12.00
Hebe 'Lavender Lace'	Narrow leaves, pretty lavender/white flowers in spring and summer. 1 x 1.5m.	3.5L	\$12.00
Hebe odora	Neat symmetrical ball shape. White flowers, 'box-like' foliage. 1 x 1m.	3.5L	\$12.00
Hebe pauciramosa	Upright growth and white flowers borne in short spikes April to June. Found in moist sites in mountains throughout the South Island. 40 x 75cm.	2.5L	\$12.00
Hebe 'Red Edge'	Small rounded shrub. Grey/green foliage with red margins. Pink buds open to lilac flowers fading to white in the summer. Sun and good drainage. Hardy. Evergreen. 50 x 50cm.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Hebe speciosa Blue	The most vigorous of the hebe cultivars, requires regular pruning. Round bushy shrub with large purple flowers. 1.5 x 1.5m.	3.5L	\$12.00
Hebe speciosa Magenta	Evergreen vigorous growing large shrub with magenta pink flowers during summer and autumn. 2 x 2m.	3.5L	\$12.00
Hebe stricta <i>Koromiko</i>	Open branching shrub. Long narrow leaves, white tinged mauve flowers during summer. Prune to maintain a good shape. 2.5 x 1.5m.	3.5L	\$12.00
Hebe sutherlandii	Neat, low growing shrub with small grey/blue leaves and white flowers. Tolerates cold, dry conditions. Evergreen. Frost hardy.	3.5L	\$12.00
Hebe topiaria	Ball shaped shrub. Small white flowers early summer. Good as small hedging, in borders and mass planting. 90 x 75cm.	3.5L	\$12.00
Hebe 'Waireka'	Variegated variety, glossy green foliage with cream edging. Masses of light purple flowers from spring right through to autumn. Sun and free draining best. Tolerant of drought and coastal conditions once established. 90 x 70cm.	3.5L	\$12.00
Hebe 'Wiri Mist'	Good low hebe, lighter green foliage, white flowers late spring. 40 x 90cm.	3.5L	\$12.00
Hebe 'Wiri Prince'	Erect bushy shrub with long branches. Large spikes of rich violet-purple flowers cover the bush in summer and autumn. Sun or semi-shade, well drained site. Evergreen, hardy. 2 x 1m.	3.5L	\$12.00
Hebe 'Wiri Vision'	Bushy evergreen shrub with narrowly, lance-shaped leaves and reddish purple flowers in summer. Trim to maintain bushy shape. 1 x 1.2m.	3.5L	\$12.00
Helleborus argutifolius <i>Corsican Hellebore</i>	The tallest of the hellebores and evergreen too. Clump forming with leathery holly-like leaves. Clusters of bowl-shaped flowers, pale green flowers from winter through to early spring. Prefers sun but will tolerate light shade. Free draining soil best. 80 x 1m.	2.5L	\$12.00
Helleborus foetidus	Evergreen perennial that produces large clusters of bell-shaped flowers that are pale chartreuse edged with burgundy. Flowers begin to appear mid winter through to mid spring. Sun or part shade in free draining soil. 60 x 60cm.	2.5L	\$12.00
Helleborus orientalis	Seedlings. Mixed colours.	3.5L	\$12.00
Hemerocallis 'Punch Yellow' <i>Day Lily</i>	Dwarf day lily variety. Yellow/pale orange flowers bloom every day and throughout the year. Hardy and happy in sun or part shade. 35cm.	3.5L	\$12.00
Hemerocallis 'Booby Ruby'	Large ruby red double flowers with a green throat. Evergreen variety. 50 x 50cm.	3.5L	\$12.00
Heuchera 'Palace Purple'	Grows as a mound of metallic bronze/purple leaves. Tall fine stems with small pale pink flowers in summer. Prefers semi shade, more or less evergreen, may lose some leaves in a very cold winter. 25 x 45cm.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Hibiscus syriacus (white)	Beautiful clear white flowers mid summer to autumn. Best in sun but will tolerate part shade. Deciduous. 2.5 x 1.8m.	3.5L	\$12.00
Hoheria angustifolia <i>Houhere</i>	Narrow-leaved lacebark or narrow-leaved houhere. An attractive specimen or shelter tree. Narrow serrated leaves and masses of small white flowers in summer. This fast growing, slender tree is a great choice for borders or establishing shelter. Hardy and tolerates a wide range of conditions. 6m+	3.5L 8.5L	\$15.00 \$35.00
Hoheria sixtylosa 'Purple Lace'	Fast growing evergreen native tree. Young leaves emerge purple and darken with age. The foliage is held on slender branches that have a graceful arch. Pretty small white flowers appear in early autumn. Very tolerant of many situations but give some protection when young to help establish. 5 x 2m.	3.5L	\$15.00
Hosta 'Blue Angel'	Large blue/grey heart shaped leaves. Pale mauve to white flowers. Good in moist, shady site. Winter dormant. 40 x 40cm.	3.5L	\$12.00
Hydrangea mac. 'Ayesha'	Very unusual and beautiful hydrangea with spoon-shaped petals. The mophead flowers open creamy-white then shift to pale sky blue or pink depending on the soil acidity. Lightly fragrant and very striking shrub. 2m.	3.5L	\$12.00
Hydrangea mac. 'Bridal Bouquet'	Gorgeous large white flower heads that open from lime green buds. Best planted in dappled light that does not dry out in summer. Deciduous. 1.2 x 1.2m.	3.5L	\$12.00
Hydrangea mac. 'Holstein'	Sky blue mopheads in acidic soils, salmon-pink in alkaline. Looks great in a shady spot under trees. Very free flowering and good as a cut flower. Antique red wine tones in autumn. 1.5 x 1.5m.	3.5L	\$12.00
Hydrangea mac. 'Hamburg'	Strong growing plant with enormous mophead flowers and large leaves. Flowers pink or blue (depending on soil acidity) turning a wine-red in autumn. 1.5 x 1.5m	3.5L	\$12.00
Hydrangea mac. 'Rose Supreme'	Mophead variety. Dark pink flowers. Semi-shade and moist soil best. 1.3m.	3.5L	\$12.00
Hydrangea 'Mariesii Perfecta'	Lacecap blue and white flowers in summer. Best in shade or semi-shade. 1.5 x 1.5m.	3.5L	\$12.00
Hydrangea 'Nightingale'	Lacecap deep blue flowers summer through to autumn. Maintaining soil acidity with a side dressing of aluminium sulphate in the growing season will intensify the blue. 1.5 x 1.5m.	3.5L	\$12.00
Hydrangea pan. 'Kyushu'	Award winning Hydrangea with conical clusters of white flowers in summer. Plant in morning sun or semi shade in moist rich soil. Lovely as a cut flower. 2.5 x 2.5m.	3.5L	\$15.00
Hydrangea quercifolia	Large coarse leaves reminiscent of an oak leaf, large panicles of creamy white flowers in summer. Leaves turn a beautiful deep rich red in autumn. Prune hard in spring to keep shape. 2 x 1.5m.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Hydrangea quercifolia 'Pee Wee'	A compact oak-leaf Hydrangea with creamy white flowers from late spring into summer. Exceptional crimson autumn colour. Very cold hardy. Deciduous. 1.2 x 2.4m.	3.5L	\$12.00
Hymenosporum flavum <i>Australian Frangipani</i>	Graceful, erect tree with a slender open form. Beautiful fragrant pale cream flowers mature to yellow from spring to summer. Shelter from prevailing winds and plant in well drained soil. 6 x 3m.	3.5L 8.5L	\$20.00 \$35.00
Hypericum gracilis	Quick growing, hardy ground cover. Golden yellow flowers from late spring through summer. Evergreen. Sun or partial shade. 30 x 60cm.	2.5L	\$12.00
Ilex crenata 'Sky Pencil'	Grows naturally in a tight upright column. Looks great in containers and perfect for narrow beds with limited space where a screen or hedge is needed. Evergreen, hardy. Sun or part-shade. 2m x 50cm.	3.5L	\$15.00
Imperata cylindrica <i>Japanese Blood Grass</i>	Deciduous perennial grass, leaves green at the base with striking red tips from spring to late summer. Unusual and dramatic in the border. Clump forming. Tolerant of sun but happiest in part shade. Dormant over winter. Hardy. 50 x 80cm.	2.5L	\$12.00
Jacaranda mimosifolia	Mauve-blue, tubular flowers spring through summer. Excellent lawn or patio tree. Semi-evergreen, frost tender. 7 x 5m.	3.5L 8.5L	\$15.00 \$35.00
Juglans regia (Seedlings) <i>Walnut</i>	A large stately tree forming a well-rounded canopy. Has an impressive branching framework especially evident during winter. Has the well-known edible walnuts when maturing. Tolerates dry conditions. Hardy, deciduous, likes good drainage, dislikes wet feet. 12m	17L	\$45.00
Juncus tenuis 'Blue Dart'	Great impact plant. Very architectural when mass planted. Attractive stiff upright blue green foliage. Very hardy. Adaptable to both dry or wet sites. Sun or part shade. 55 x 40cm.	2.5L	\$12.00
Juniperus horizontalis <i>Creeping Juniper</i>	Ground cover juniper, blue/green foliage. Evergreen. 40cm x 2m.	2.5L	\$15.00
Knightia excelsa <i>Rewarewa/Honeysuckle tree</i>	Slender, erect tapering tree with handsome foliage, attractive reddish-brown flowers appear spring through early summer, loved by nectar feeding birds. 7 x 2m.	3.5L	\$15.00
Koeleruteria paniculata <i>Golden Rain Tree</i>	Hardy, tall in natural habitat. White flowers in spring provide good bee food. Can be hedged. Frost, drought, poor soil tolerant. 5-6m.	3.5L	\$15.00
Kunzea ericoides <i>Kānuka N/W Nelson</i>	Hardy, tall in natural habitat (specific to North West Nelson). Abundant white flowers in spring are good bee food. Can be hedged. Frost, drought and poor soil tolerant. 8 x 3m.	3.5L	\$12.00
Laburnum anagyroides	Deciduous tree or shrub with a wide spreading crown and graceful habit. Lovely chains of yellow 'pea' flowers in spring. Very hardy. Toxic if ingested. 10m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Lagerstromia indica 'Bergerac'	Pretty crinkled pink/magenta flowers summer to autumn. Bronze/green foliage. Likes a warm, sheltered position. Deciduous. 3.5 x 2.5m.	3.5L	\$15.00
Laurelia novae-zealandae <i>Pukatea</i>	Very handsome tree found in swampy forests and gullies throughout the North Island, in Marlborough and the West Coast of the South Island. In maturity the tree will form attractive buttresses at the base. Glossy green leaves. Pukatea requires plenty of moisture and so is perfect for planting in damp areas or edges of streams and lakes. Will reach 6-10m in the garden.	3.5L	\$15.00
Laurus nobilis <i>Bay Laurel</i>	Very hardy. Can be clipped, shaped or used for cooking. Slow growing. Evergreen. 8 x 3m.	3.5L	\$15.00
Lavandula angustifolia 'Hidcote'	Stunning English lavender named after the famous English garden. Dark, violet blue flowers. 50 x 50cm.	2.5L	\$12.00
Lavandula angustifolia 'White'	Highly fragrant. Clear white flowers on grey/green foliage. 50 x 50cm.	2.5L	\$12.00
Lavandula dentata <i>Toothed lavender/French lavender</i>	Toothed leaves, purple flower petals atop flower spike. Flowers nearly all year round. Give a good trim around spring to keep bushy and to prevent going woody. 1 x 1m.	2.5L	\$12.00
Lavandula 'Grosso'	Most widely grown worldwide for oil production. Compact dense green foliage. Flowers long and dark purple. Strong aroma, excellent as a hedge. Perfect for drying and essential oil. 75 x 75cm.	2.5L	\$12.00
Lavandula 'Sidonie'	Australian selection. Ferny foliage. Intense violet blue flowers. Protect from hard frost. 1.3m.	3.5L	\$12.00
Lavandula stoechas 'Major'	Popular new hybrid, reddish-purple flowers attractive habit. 60 x 60cm.	2.5L	\$12.00
Lavandula 'Super'	Large, bushy variety. Spikes of pale violet blue flowers are highly fragrant. High oil content. 80cm.	2.5L	\$12.00
Lavandula x intermedia 'Arabian Nights'	Compact variety with fragrant dark purple flowers from spring till autumn. 60 x 60cm.	3.5L	\$12.00
Leptinella dioica <i>Shore Leptinella</i>	Lush fern-like ground cover with aromatic green foliage. Fast growing. Sun or part shade. Tolerant of coastal conditions. Evergreen. Hardy. 20cm x 1m.	2.5L	\$10.00
Leptinella minor	Tight mat of fine fern-like aromatic leaves. Creamy white 'button' flowers. Good for part-shade or open areas.	2.5L	\$10.00
Leptinella squalida 'Platts Black'	Hardy, creeping ground cover, dark fine ferny leaves. 10cm x 1m.	2.5L	\$10.00
Leptinella pyrethrifolia <i>Mountain Pincushion</i>	Creeping native perennial forming circular patches up to 1m wide. Creamy white button flowers in summer. Prefers moist site. Found naturally alongside streams and river banks. 10cm x 1m.	2.5L	\$12.00
Leptospermum 'Copper Sheen' <i>Australian Tea Tree</i>	Attractive quick growing hardy Australian tea tree, bronze/purple foliage, reddish stems, large creamy white single flowers. 6 x 3m	3.5L	\$15.00

Plant name	Description	Pot size	Price
Leptospermum s. 'Blossom'	Darkish foliage, large double coral pink flowers profusely winter-spring, likes sun and good drainage. 2 x 1.5m.	3.5L	\$15.00
Leptospermum s. 'Burgundy Queen' <i>Red Mānuka</i>	Burgundy/red double flowers late winter, spring, reddish-bronze foliage. Very hardy. 2 x 1.5m	3.3L	\$15.00
Leptospermum s. 'Mahinepua'	Named after the place of its discovery in Northland. Hardy, prostrate shrub. White flowers late winter/spring. Great nectar for bees. 10cm x 1m.	3.5L	\$15.00
Leptospermum s. 'Pink Cascade'	Shrubby ground cover. Masses of pale pink flowers early autumn and spring. Beautiful drooping form, good on banks or over walls. 50cm x 2m.	3.5L	\$15.00
Leptospermum s. 'Princess Anne'	Double white flowers with maroon centre. 2m	3.5L	\$15.00
Leptospermum s. 'Red Damask'	Dark bronze green foliage. Double burgundy red flowers late winter/spring. 2 x 1.5m.	3.5L	\$15.00
Leptospermum 'Red Falls'	Prostrate cultivar with cascading growth. Purplish bronze foliage. Crimson single flowers. 1 x 1m.	3.5L	\$15.00
Leptospermum scoparium (Waikato High UMF/NPA)	Grown from seed ecosourced from wild populations of naturally occurring Waikato <i>Leptospermum scoparium</i> var. <i>linifolium</i> , from an area where honey is harvested with high levels of MGO, the compound that gives Mānuka honey its unique antibacterial activity. White flowers. 5-6m.	3.5L	\$12.00
Leptospermum s. 'Wiri Donna'	Large crimson flowers from early spring. Bronze/green foliage. 1.5 x 1.2m.	3.5L	\$15.00
Leptospermum s. 'Wiri Kerry'	Dwarf bronze leafed variety. Masses of lovely double red flowers from mid winter through to mid summer. 80 x 80cm.	3.5L	\$15.00
Leptospermum s. 'Wiri Susan'	Large single white flowers. Compact growth. Green foliage. 2 x 1.5m.	3.5L	\$15.00
Leucodendron 'Inca Gold'	Densely erect bushy shrub native to South Africa. Brilliant yellow bracts with a red edge and red stems in late winter and spring. Great as a cut flower. Sunny, well drained site. Do not fertilise. 1 x 1m.	3.5L	\$20.00
Leucodendron 'Safari Sunset'	Wine red bracts on long stems autumn/winter that then turn red/cream later in winter and spring. Excellent cut flower. Free draining open sunny site best. Avoid fertilising. 2 x 1.5m	2.5L	\$20.00
Libertia grandiflora <i>Native Iris</i>	Largest of native irises, tall stems of pure white flowers appear above leaves in spring, semi shaded position but will grow in sun, self-seeds. 75 cm.	3.5L	\$12.00
Libertia peregrinans	Vigorous, spreading grass-like plant with fantastic bright orange leaves. White flowers in spring and summer. Orange leaf colouring more intense when grown in harsh conditions. 50cm.	2.5L	\$10.00
Libocedrus bidwillii <i>Pāhautea/Kaikawaka</i>	Evergreen, pyramidal, coniferous tree. Slow growing. Maintains its slender shape as it grows. Likes deep, moist, fertile soil. 25m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Libocedrus plumosa <i>Kawaka</i>	Cypress-like tree endemic to NZ. Neat, symmetrical, pyramidal growth. Bright green foliage. Great screen. Prefers open, fertile sites. 30m.	3.5L	\$15.00
Ligularia reniformis <i>Tractor Seat Plant</i>	Attractive clump-forming perennial. Large 'tractor seat' green glossy foliage. Yellow daisy flowers in summer. Prefers moist, well drained site. Sun or part-shade. Hardy. Winter dormant. 60cm x 1m.	2.5L	\$15.00
Ligustrum japonicum rotundifolium	A handsome, slow growing upright shrub with small cream flowers in summer followed by black berries. Glossy dark green, rounded, slightly contorted foliage. Low maintenance. Full sun or part shade, frost hardy. Good as low hedge. 1.5 x 1.5m.	3.5L	\$15.00
Linum monogynum <i>Rauhuia/NZ Linen Flax</i>	Wispy blue/grey foliage and white flowers in spring/summer. Looks fragile but is actually very hardy and a good coastal plant. Self sows freely. Well drained site best. 40 x 20cm.	2.5L	\$12.00
Liquidamber styraciflua	Upright, pyramidal formed tree with outer branches gracefully drooping. Finely cut and lobed leaves similar to a Maple. Brilliant autumn shades of orange, red and purple. Best with a little shelter. Deciduous, hardy. 15 x 8m.	3.5L	\$15.00
Liquidamber styraciflua 'Worplesdon'	This beautiful tree has an upright, pyramidal shape. Its leaves are similar in shape to those of a maple tree, with fine cuts and deep lobes. In the autumn, the leaves are a striking mix of purple, red, orange, and yellow. When grown in dry soil, this tree develops a taproot that helps to reinforce it against wind. However, when grown in wetter soil, it will only produce superficial roots and is not able to tolerate strong winds. 6 x 4m	3.5L	\$15.00
Liriope 'Isabella'	Grassy looking foliage and pale pink flowers. Spreading ground cover. Good no-mow alternative. Sun or shade. Evergreen. 40 x 50cm	2.5L	\$12.00
Liriope 'Monroe White'	Showy spikes of white flowers in late summer/ autumn followed by black berries above grassy green foliage. Excellent as garden edging or under trees where many plants won't grow. Deep shade to full sun. Very hardy, evergreen. 30 x 30cm.	2.5L	\$12.00
Liriope muscari	Great plant for ground cover/border in the shade. Spikes of purple flowers in summer. Evergreen strappy leaves. 45 x 45cm.	2.5L	\$12.00
Liriope 'Royal Purple'	Deep purple flowers, strappy grass-like leaves. Good ground cover, border or accent plant. Part or full shade. 20 x 20cm.	2.5L	\$12.00
Lithodora diffusa 'Alba'	Prostrate grower to slightly rounded shrublet. Stems slightly hairy. Masses of white flowers often tinted blue through summer. Sun. 25 x 90cm	2.5L	\$12.00

Plant name	Description	Pot size	Price
Lobelia angulata syn Pratia angulata <i>Panakenake</i>	Native white flowering ground cover which thrives in damp shady places. Red berries in autumn are attractive to birds. Dies back in winter in colder climates. 20cm x 1m.	2.5L	\$10.00
Lomandra 'Frosty Tops'	Tough and reliable ornamental grass. New leaf growth has a silver colouring. 50 x 50cm.	2.5L	\$12.00
Lomandra 'Lime Tuff'	'Lime Tuff' is proving to be one of the best Lomandra selections yet, Bred for its compact upright growth habit and fine lime green foliage that stays lush all year round. 60 x 60cm.	2.5L	\$12.00
Lomandra 'Little Pal'	Native Australian grass, compact growing with green grassy foliage. Very hardy, will tolerate dry, frost and most sites. Sun or shade. 60cm.	2.5L	\$12.00
Lomandra 'Tanika'	A low maintenance grass which grows to 60cm high and 1m across. It is almost drought resistant, remaining lush and green in any conditions making it perfect for mass landscape plantings. The seed is sterile.	3.5L	\$12.00
Lomandra 'Titan'	Large leaved lomandra. Good weed and/or bank stability control. Tough! Tolerant of drought, frost, salt spray, strong wind, dry or heavy wet soil. 1.2 x 1m.	2.5L	\$12.00
Lonicera fragrantissima <i>Winter Flowering Honeysuckle</i>	Delightful winter flowering shrub bearing highly fragrant small cream/white flowers on almost leafless branches. Red berries follow the flowers. The purple flushed green leaves appear in spring. Loved by winter active bumble bees. 2m.	3.5L	\$12.00
Lonicera nitida	Topiary spiral 60cm.	8.5L	\$120.00
Lophozonia menziesii <i>Silver beech</i>	Formerly Nothofagus menziesii. Deep green leaves contrast with the silvery trunk. Sun or semi shade, frost hardy. Likes good drainage. 10m+	3.5L	\$15.00
Loropetalum 'Burgundy'	Evergreen shrub with small, neat, oval purple leaves with purple/pink flowers. Grows best in good soil but will tolerate poorer, dry sites. Sun or semi-shade. 1 x 1m.	3.5L	\$12.00
Loropetalum chinense	Evergreen shrub with semi-pendulous branches. White 'spidery' flowers late winter/spring. 1.5-2 x 1.5-2m	3.5L	\$12.00
Loropetalum 'Plum Gorgeous'	A standout Loropetalum variety. Deep plum coloured foliage year round, bright magenta tassel-like flowers spring and autumn. Bred for its compact, dense habit. Perfect for low hedging or for specimen planting. Evergreen. Hardy. 1.5 x 2m.	3.5L	\$12.00
Macropiper excelsum <i>Kawakawa</i>	Small coastal tree with large, heart-shaped aromatic leaves and long orange fruit which attract Kereru. Increasingly popular as a tea or culinary spice. Evergreen. Shade tolerant. Frost Tender. 4 x 4m.	2.5L	\$12.00
Magnolia (deciduous)	Grafted varieties.	17L	\$65.00

Plant name	Description	Pot size	Price
Magnolia denudata <i>Yulan Magnolia</i>	Lovely magnolia with creamy white, lightly fragrant flowers on bare branches in early spring. The flowers begin goblet-shaped then open out to a flared bowl shape. Wide canopy and root system so best planted away from property. Can grow to 10 x 8m wide but could be maintained to 5 x 4m with pruning. Deciduous. Shelter from strong wind.	12L	\$65.00
Magnolia grandiflora	Large evergreen magnolia with a broad spreading crown. Large oval shiny green leaves with brown undersides and large white flowers. Very popular ornamental tree if you have the space for it. 8 x 5m.	3.5L	\$25.00
Magnolia g. 'D.D. Blanchard'	Small evergreen tree with glossy leaves with a velvet underside. Large fragrant flowers from November to March are cup-shaped and creamy white. Lovely specimen tree, but can also be hedged. 5 x 4m.	4.7L	\$35.00
Magnolia g. 'Little Gem'	Large cream white fragrant flowers in summer, mid-sized columnar evergreen tree, likes cool roots, water during dry periods. Smaller than Magnolia grandiflora but still a fairly large tree. 4 x 3m.	3.5L 12L	\$25.00 \$35.00
Magnolia soulangeana <i>Tulip magnolia</i>	Masses of globe-shaped creamy-white flowers flushed pink with and purple at the base, before the leaves emerge. 5 x 4m.	3.5L	\$15.00
Magnolia s. 'Susan'	Forms an upright multi-branched shrub. Upright deep claret buds open to red-violet flowers with white-violet tinged interiors. Abundant flowers in spring from a young age. Flowers are slightly fragrant. Deciduous. 2.5 x 2.5m.	3.5L	\$15.00
Magnolia stellata	Forms a compact, rounded, multi-branched bush or small tree. Starry pure white fragrant flowers from mid-winter until the leaves grow in spring. Golden autumn leaves. Perfect for the smaller garden. 2 x 2m.	3.5L	\$25.00
Melicytus alpinus <i>Māhoe/Porcupine Shrub</i>	This unusual very hardy shrub really does resemble a porcupine. Short stiff, interlaced branches even have spiky tips. Suits rocky soils in full sun but will grow well other sites as long as soil is well drained. Evergreen, hardy. 80 x 1.2m.	2.5L	\$12.00
Melicytus obovatus <i>Chatham Island Māhoe</i>	Great native alternative to Box hedging. Small glossy green leaves and tiny fragrant flowers followed by small fruits. Attractive to geckos and skinks. Good on dry and coastal sites. Trim to create a compact hedge. Evergreen, hardy. 1.5 x 2m.	3.5L	\$12.00
Meryta sinclairii <i>Puka</i>	Striking tree, large paddle-shaped leaves give a tropical appearance. Wide spreading, prune to contain size. Sunny site, reasonable soil, frost tender when young. 4 x 3m.	2.5L 8.5L	\$15.00 \$35.00

Plant name	Description	Pot size	Price
Metasequoia glyptostroboides <i>Dawn Redwood</i>	A 'living fossil' from China. Beautiful rich green foliage which turns pink, gold and reddish-brown in autumn. Beautiful red-brown bark darkens with age. Requires a sheltered, moist, fertile site. Will grow in standing water. Evergreen. Cold hardy. 20m+	12L	\$35.00
Metrosideros excelsa <i>Pōhutukawa</i>	Iconic and outstanding NZ tree, with a spreading form, gnarled bark and profuse red flowers in summer. Excellent coastal specimen and shelter tree. Nectar in January will attract birds and bees. Evergreen. Avoid heavy frosts. 10 x 10m.	3.5L	\$15.00
Metrosideros exc. 'Maori Princess'	A selection of <i>Metrosideros excelsa</i> from Taranaki. It has a more upright form making it useful for narrow, limited spaces. All the same characteristics of the Pōhutukawa, crimson red flowers, oval green leaves and dark brown bark. 5-8m.	3.5L	\$15.00
Metrosideros fulgens orange	Found naturally from Northland to Westland. Climber or shrub, will stay shrubby if nothing to climb on. Orange/red flowers late summer to winter. Prefers good soil in a cool area when young.	3.5L	\$15.00
Metrosideros 'Mistral'	Natural hybrid of <i>M. excelsa</i> and <i>M. robusta</i> . A tidy small tree, compact with semi-upright growth. Tolerant of very tough conditions, including salt-laden winds and poor soil. Evergreen. Semi hardy. 4 x 4m.	3.5L	\$15.00
Michelia 'Bubbles'	Evergreen, small tree with fragrant cream flowers flushed pink in late winter/early spring. 4 x 3m.	3.5L	\$15.00
Michelia figo <i>Port Wine Magnolia</i>	Evergreen, glossy leaves. Small purple flowers perfumed like tropical fruits in spring/summer. 2-3m.	3.5L	\$15.00
Michelia yunnanensis <i>Yunnan Bush Michelia</i>	A delightful evergreen, easily grown. Masses of white saucer-shaped perfumed flowers winter and spring. Sunny or semi-shaded position best. Tolerates frost. Prefers adequate moisture. 1.8 x 1.5m.	3.5L	\$15.00
Miscanthus s. 'Gracillimus'	Showy, ornamental grass with tall stems of 'tassel-like' flowers that appear late summer/autumn above the foliage. Dies back in winter, trim before spring. 1.8 x 1.2m.	3.5L	\$18.00
Miscanthus s. 'Morning Light'	Ornamental, compact perennial grass. Narrow leaves finely edged with white. Pink tinged flower plumes in autumn. Trim old foliage in winter to 20cm above the ground. In spring new shoots appear. Hardy. Winter dormant. 1.5 x 1.3m	3.5L	\$15.00
Manoao colensoi <i>Silver Pine/Westland Pine</i>	Slow growing, evergreen tree. Grows in shady wet areas of NZ. Grows best in deep, fertile, well drained soil. Very durable timber. Up to 15m.	3.5L	\$15.00
Morus nigra <i>Black Mulberry</i>	Broadly spreading, edible deep red/black mulberries. 5m+	3.5L 8.5L	\$15.00 \$35.00
Muehlenbeckia astonii	Interesting, hardy contrast plant, tangled wiry stems, small dark-green heart-shaped leaves, semi deciduous in winter, informal hedge. 1-2.5m.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Muehlenbeckia axillaris	A dense ground-cover with wiry stems and small dark-green leaves. Flowers prolifically in summer with masses of small creamy flowers. Prefers full sun. Tolerant of hot, dry conditions. More restrained than M. complexa. Semi-deciduous. Hardy. 20cm x 1m.	2.5L	\$12.00
Muehlenbeckia complexa <i>Pohuehue</i>	Twining vine that can climb over banks and walls. Wiry stems and small green leaves. Good coastal plant. Attracts insects and lizards. Hardy, evergreen. 2 x 3m.	3.5L	\$12.00
Muehlenbeckia complexa 'Nana'	A smaller version of the native groundcover Muehlenbeckia complexa. Full sun or part shade. Great for attracting insects and lizards. 30cm x 1.5m.	2.5L	\$12.00
Myoporum laetum <i>Ngaio</i>	Fast growing, hardy coastal tree providing quick shelter, attractive rounded form (when young), frost tender when small, all parts poisonous to stock. 7 x 4m.	3.5L	\$12.00
Myoporum laetum var. decumbens	Prostrate form of Ngaio from the Poor Knights Islands. Tough, fleshy leaves. Good coastal plant. Tolerant of poor conditions and fast growing. 2 x 1.8m.	3.5L	\$12.00
Myoporum parvifolium	Endemic to Southern Australia. Pretty, low spreading shrub with small white star shaped flowers. Good over rocks or as a ground cover. Evergreen. Frost and drought hardy. 30 x 1-3m.	2.5L	\$12.00
Myrsine australis <i>Red Matipo</i>	Forms a handsome large shrub or tree with distinctive red branchlets and wavy leaf margins. Similar in appearance to Pittosporum tenuifolium. The white flowers and later the black fruits are in clusters below the leaves. Used as a specimen, shrub border or hedge. 5 x 3m.	2.5L	\$12.00
Myrtus Ugni <i>NZ Cranberry</i>	Dense small shrub popular for hedging and the masses of dark red edible fruits that follow the white flowers produced in summer. Great as an edging plant around vege gardens or to make a formal border around the garden. Clip to maintain height and shape. Sun. Hardy. Evergreen. 90 x 90cm.	3.5L	\$12.00
Nandina domestica pygmaea <i>Sacred Bamboo</i>	Densely foliated bush, green, purple, scarlet leaves, intense colour in full sun, hardy, easy care. 60 x 60 cm	3.5L	\$12.00
Nandina 'Firepower'	Bushy, compact shrub with year round foliage interest. Green/yellow in spring and summer, with red/orange tones throughout winter. Sun or semi shade. Evergreen. Hardy. 60 x 60cm.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Nestegis cunninghamii <i>Black Maire</i>	Black maire is a tall handsome canopy tree with a stout straight trunk growing up to 15 m high. The tree has rough, cork-like bark and produces red or yellow fruits. Now found only in isolated North Island forests. The long leaves are leathery but smaller in adult trees. Black maire has dense, even-grained timber, dark brown in colour, often streaked with black and it is very hard.	3.5L	\$15.00
Nothofagus menziesii	** see Lophozonia menziesii	3.5L	\$15.00
Nyssa sylvatica <i>Tupelo</i>	Slow to moderate growth, sun or partial shade, likes moisture retentive soil and tolerates wet feet or dry. Brilliant fiery autumn colours. 7 x 5m.	3.5L	\$15.00
Olearia cheesemanii <i>Streamside daisy</i>	Multi-branching shrub, attractive silvery buff underside of leaves, masses of daisy-like flowers in spring, hardy, likes good drainage, sun or partial shade. 2 x 2m.	3.5L	\$12.00
Olearia paniculata <i>Akiraho/Golden Ake Ake</i>	Hardy NZ native shrub. Excellent shelter, screen or hedge. Can also be used as a revegetation plant on a bank. Tiny fragrant flowers in autumn. Wind and frost tolerant. Needs good drainage. Coastal tolerant. Evergreen. 3 x 2m.	3.5L	\$12.00
Olearia paniculata <i>'Kaikōura'</i>	Larger and darker leaves than Olearia paniculata. Great texture plant or fast growing hedge. Fragrant white flowers. Dislikes wet. 4 x 2m.	3.5L	\$12.00
Olearia solandri	Hardy, erect shrub with tiny leaves, autumn flowers have a vanilla fragrance, attractive golden stems on new growth, quick growing shelter. 3 x 1m.	3.5L	\$12.00
Olearia traversii	Upright, fast growing evergreen tree. Excellent for hedging on dry, exposed sites. Great coastal, intolerant of wet sites. Tolerates only light frosts. 5 x 2.5m.	3.5L	\$12.00
Olive Frantoio	Tuscan variety, heavy cropper. Self fertile, excellent oil. Can be pickled.	3.5L	\$18.00
Olive Koroneiki	Greek, heavy cropper, tolerates dry conditions. Good for oil.	3.5L	\$18.00
Olive Leccino	Tuscan, grows well with Frantoio, pollinate with Pendolino. Good for oil.	3.5L	\$18.00
Olive Manzanilla	Small spreading tree, prolific early bearer, pollinates Barnea. Oil or pickling.	3.5L	\$18.00
Olive Pendolino	Tuscan, excellent pollinator for Frantoio and Leccino.	3.5L	\$18.00
Olive South Australian Verdale	Selection of French Verdale that produces large fruit for pickling, early to bear fruit.	3.5L	\$18.00
Ophiopogon planiscapus <i>'Black Dragon'</i> <i>Black Mondo grass</i>	A popular landscaping plant with deep purple-black grass like leaves, punctuated by dainty flowers of pale violet followed by shiny black berries. Great contrast plant for mass planting in sun or shade. Prefers well-drained soil. 20cm	2.5L	\$10.00
Ophiopogon jap. 'Kyoto'	Very low maintenance dwarf mondo grass. Clumps to just 5cm in height. Evergreen and frost hardy.	2.5L	\$10.00

Plant name	Description	Pot size	Price
Ophiopogon japonicus <i>Mondo grass</i>	Slowly spreading evergreen carpets of grassy green foliage. Occasional spikes of white flowers followed by blue/black berries. 30 x 30cm.	2.5L	\$10.00
Ophiopogon japonicus 'Ultra Dwarf' <i>Mini Mondo grass</i>	Very similar to Ophiopogon japonicus 'Nana' but smaller and tighter growth.	2.5L	\$10.00
Osmanthus x fortunei <i>False Holly</i>	Evergreen shrub/small tree with broad, glossy green holly-like foliage and small fragrant cream/white flowers in autumn. Sun or part shade is soil that is moist, free draining and slightly acidic. Up to 4-5m.	3.5L	\$12.00
Pachystegia insignis <i>Marlborough rock daisy</i>	Thick leathery oval leaves. Large white daisy flowers early summer. Needs well-drained soil in sun. Evergreen. 50cm x 1m.	2.5L	\$12.00
Pandorea pandorea <i>Wonga-wonga vine</i>	Hardy vigorous climber. Dark green glossy leaves, fragrant bell-shaped creamy-white flowers from late winter to spring.	3.5L	\$15.00
Pandorea rosea <i>Bower of Beauty/Bower Vine</i>	Australian evergreen climber. Soft pink trumpet blooms with a maroon centre from summer to autumn. Likes sun but needs a sheltered position. New growth may be frost tender.	3.5L	\$15.00
Parablechnum novae-zealandiae <i>Kiokio</i>	Great in revegetation and ornamental plantings. Distinctive large arching fronds with red/pink new growth. Perfect for banks and underplanting provided there is adequate moisture. 1.2 x 1.2m.	2.5L	\$15.00
Parahebe 'Snowcap'	Pretty, low growing shrub covered in little white flowers summer and autumn. Good for rockeries or pots. Evergreen. Hardy. 30 x 50cm.	2.5L	\$12.00
Parrotia Persica <i>Persian Ironwood</i>	Broadly spreading, exfoliating bark similar to London Plane. Small flowers with red stamens on bare winter branches. Yellow, orange, red autumn colour. Tolerates a dry site. 10 x 5m.	3.5L	\$15.00
Parthenocissus quinquefolia <i>Virginia Creeper</i>	Fast growing vigorous self-clinging climber. Handsome lobed leaves of green that turn to tones of orange and red over autumn. Sun and well drained soil. Deciduous.	3.5L	\$15.00
Parsonsia heterophylla <i>Kaihua/NZ Jasmine</i>	Woody, climbing vine native to NZ. Clusters of small, pretty, scented white flowers in spring and summer. Part to full shade. Free draining. Wind tolerant. 5 x 2m.	3.5L	\$15.00
Passiflora edulis <i>Passionfruit</i>	Fast growing vine with fruits containing edible sweet pulp. Prefers sheltered warm site. Rich, fertile soil and regular watering. Frost tender.	3.5L	\$15.00
Pennantia corymbosa <i>Kaikomako / Bellbird Tree</i>	Also known as 'Duck's foot' due to the shape of the leaves. Juvenile twiggy form matures to a rounded head. Abundant white flowers and black berries a favourite of the Bellbird. Best in good, moist soil. 6 x 3m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Phebalium squameum	Small evergreen tree with small scented white flowers in spring. Upright habit, fast growing. Good hedge or specimen. Frost tender when young. Moist, free draining site. Sun or part shade. 8 x 3m.	3.5L	\$12.00
Philadelphus coronaius <i>Mock Orange</i>	Has highly fragrant single white flowers that appear in late spring/early summer. Broad upright growth habit. Will grow in sun or part-shade in moist, well drained soil. Deciduous, hardy to frosts. 3 x 2.5m	3.5L	\$12.00
Philadelphus 'Virginal'	Strong growing shrub with beautiful pure white fragrant double flowers. Full sun or part shade. Good drainage preferred. 2 x 1.5m.	3.5L	\$15.00
Phormium 'Black Rage'	Clump forming, black/blue tones, upright habit. Very hardy. Evergreen. 1.5m.	3.5L	\$15.00
Phormium cookianum Wharariki <i>Mountain Flax</i>	An unmistakable feature of our landscape, found from sea-level to sub-alpine regions. Generally drooping leaves. Nectar rich flowers loved by tuis and bellbirds. 1-1.5m.	3.3L	\$12.00
Phormium cookianum purpureum	Red/purple foliage. Great contrast or feature plant. Tolerant of dry, cold and exposure. 1.5 x 1.5m.	3.5L	\$12.00
Phormium 'Cream Delight'	Great medium height flax with striking cream and yellow foliage. Tidy weeping form, great contrast plant. Evergreen. Hardy. 1.2 x 1.5m	3.5L	\$15.00
Phormium 'Emerald Green'	Dwarf cookianum. Approx. 70 x 70cm.	2.5L	\$12.00
Phormium 'Evening Glow'	Bold, variegated burgundy red foliage which intensifies in winter. Tidy, compact habit. 75 x 1m.	3.5L	\$15.00
Phormium 'Firebird'	Dramatic red with bronze green margins. 1.5 x 1.5m.	3.5L	\$15.00
Phormium 'Dark Delight'	One of the darkest leaved purple flaxes. Upright form. Likes sun, moist soil. Hardy. 1.5 x 1.5m	2.5L	\$15.00
Phormium c. 'Jack Spratt'	Dwarf, bronze/purple, erect 50 x 50 cm	2.5L	\$15.00
Phormium 'Jester'	Beautiful green flax with deep pink mid-rib. Weeping form. 1.2m	3.5L	\$15.00
Phormium 'Pink Panther'	Slightly arching leaves. Candy pink centres with deep ruby red margins. Full sun or part shade. 1 x 1m.	3.5L	\$15.00
Phormium 'Platt's Black'	Mid sized flax with striking dark purple/bronze foliage. Compact, clumping growth habit. 1 x 1m.	2.5L	\$15.00
Phormium 'Rainbow Chief'	Bold clumps of ascending leaves which droop at the tips in rich tones of bronze and scarlet. Long flower stems in summer attract birds. 1.2 x 1m.	3.5L	\$15.00
Phormium 'Rainbow Queen'	Erect foliage with striking red and bronze variegation. Shows best colour in full sun but will tolerate part shade. 1.2 x 1.2m.	3.5L	\$15.00
Phormium 'Rainbow Sunrise'	Slender leaves coloured light red to orange with bronze margin. 1.2 x 1.2m.	3.5L	\$15.00
Phormium c. 'Tricolor'	Green leaves margined with cream, with a red border. Compact growth. 1 x 1m.	2.5L	\$15.00
Phormium tenax <i>Green Flax/Harakeke</i>	Vigorous, upright, bluish/green leaves. Happy in damp, dry, windy situations. Good shelter/wind-break. 2-3m.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Phormium tenax purpureum	Red/purple foliage. Slightly smaller than Phormium tenax. Evergreen. Hardy. 2 x 2m.	3.5L	\$12.00
Photinia 'Red Robin'	Hedging, specimen, crimson-red new leaf growth long period spring and after clipping, hardy. 2.5 x 1.5m	3.5L	\$12.00
Phyllica pubescens <i>Flannel Flower</i>	A compact bush with hairy foliage that give it a silvery appearance. Each stem ends with a flower that appears in autumn to winter. They prefer a sunny position and free-draining soil. Trim after flowering has finished. 1 x 1m.	3.5L	\$15.00
Phyllocladus alpinus <i>Mountain Toatoa/ Mountain Celery Pine</i>	Found only in New Zealand, belongong in the Conifer family. Attractive blue/grey/green 'foliage'. Leaves are known as cladodes. Slow growing, slightly faster with shelter. Extremely hardy. Evergreen. Up to 6m.	3.5L	\$15.00
Picea abies European spruce	Narrowly conical evergreen, likes good drainage, tolerates snow, good Christmas tree. 30m.	3.5L 12L	\$15.00 \$45.00
Pimelea prostrata 'Anatoki Blue' <i>Native daphne</i>	Hardy, matt-like ground cover, blue/grey foliage, profusion, small fragrant creamy/white flowers summer, sun, good drainage. 15cm x 60cm.	2.5L	\$12.00
Pimelea prostrata 'Flat White'	A lovely grey-green very flat ground-cover that will also drape over walls. Suits hot, dry areas. Small creamy white flowers spring and autumn. Spreads 80cm to 1m.	2.5L	\$12.00
Pimelea prostrata <i>Native Daphne</i>	Hardy, low growing grey green leaves, small creamy white flowers. Slightly more upright than 'Anatoki Blue.' 10cm x 1.2m	2.5L	\$12.00
Pimelea prostrata 'Blue Peter'	Hardy native coastal ground cover. Blue/grey foliage and small, lightly fragrant white flowers. 15 x 40cm.	2.5L	\$12.00
Pinus pinea <i>Pine nut/Stone Pine/ Umbrella Pine</i>	Bears crop in approx. 10 years. Self-fertile. Tolerates dry, likes good drainage. Wind and coastal hardy. 12 x 8m.	3.5L	\$20.00
Pittosporum crassifolium <i>Karo</i>	Hardy. Suits coastal conditions. Young shoots and leaves are attractively felted. Dark-red fragrant flower clusters spring/early summer followed by interesting seed capsules. 4 x 3m.	3.5L	\$12.00
Pittosporum eugenoides <i>Tarata/Lemonwood</i>	Leaves exude a lemon fragrance when bruised. Responds to pruning, excellent shelter/hedge. 5 x 3m.	3.5L	\$12.00
Pittosporum 'Frankie's Folly'	An outstanding compact little variety growing to 60cm. Fresh green small foliage and grows into a compact rounded shape. Very hardy and reliable.	2.5L	\$15.00
Pittosporum 'Jade'	Jade green oval leaves contrast nicely against the darker stems. Good hedging. Sun or part-shade. Hardy, evergreen. 2-3 x 2-3m.	3.5L	\$15.00
Pittosporum obcordatum	Rare native Pittosporum. Divaricating habit, forming a tall bushy column. Fragrant yellow flowers in summer. Endangered in the wild. 7 x 2m.	2.5L	\$15.00

Plant name	Description	Pot size	Price
Pittosporum roimata	Endemic to the Poor Knight's Islands. Fragrant yellow flowers attractive to bees. A small shrub with an open habit suited to coastal sites. Sun or part shade. Hardy. Evergreen. 2 x 1.5m.	3.5L	\$15.00
Pittosporum tenuifolium <i>Kōhūhū</i>	(Propagated from seed.) Broadly conical, shiny silver green leaves, small black fragrant flowers. 5 x 3m.	3.5L	\$12.00
Pittosporum t. 'Appleby Emerald'	A Dean's Nursery selection! Attractive dark green foliage, fast growing. Good hedge. Evergreen. Hardy. 5 x 2.5m.	3.5L	\$15.00
Pittosporum t. 'Dark Place'	Smaller growing form of Pitto. tenuifolium with attractive purple/green leaves. Evergreen, hardy. 70 x 70cm.	3.5L	\$15.00
Pittosporum t. 'Little Anita'	New introduction from local nursery Frank's Tree's, named after Frank's Mum Anita. Wider spread than height making it arguably the first 'ground cover' Pittosporum. Hardy, evergreen. 45 x 90cm.	2.5L	\$15.00
Pittosporum t. 'Little Kiwi'	Dwarf pittosporum that naturally grows into a compact ball shape. Fast growing and tolerant of most conditions. Sun or shade. 60 x 70cm.	2.5L	\$15.00
Pittosporum t. 'Mountain Green'	Dense, fresh looking, rich green foliage. Bushy growth habit. Hardy. 2.5m.	3.5L	\$15.00
Pittosporum t. 'Silver Pillar'	Small silver green leaves edged with cream. Naturally forms a pillar shape. Can be trimmed or left to grow. Good screen or with mixed plantings. 3 x 1m. PVR	3.5L	\$15.00
Pittosporum 'Stephens Island'	Attractive, dense form, dark green oval leaves, coastal conditions, slow growth, great hedged. 3 x 3m.	3.5L	\$15.00
Pittosporum t. 'Tasman Ruffles'	Excellent growth, bushy and quick growing. Lime green ruffled leaves with black stems. 3 x 1.5m.	3.5L	\$15.00
Pittosporum t. 'Waimea'	Small vibrant jade green leaves and dense compact habit. Great hedging and dry tolerant. Plant at 1m spacings for a tall hedge. Evergreen. 3 x 2m.	3.5L	\$15.00
Pittosporum t. 'Wrinkle Blue'	Dean's Nursery selection. Fast growth rate, blue/grey wavy foliage. Great hedge or shelter. 5 x 3m.	3.5L	\$15.00
Pittosporum tobira <i>Japanese Pittosporum</i>	Lovely evergreen shrub with a naturally rounded habit. Dark green glossy leaves. Clusters of sweetly scented creamy white flowers late spring/early summer. Quite drought tolerant. Protect from very heavy frost. Can be grown as a specimen shrub but equally responds very well to trimming if grown as a hedge or in containers. Up to 10m x 4m.	3.5L	\$15.00
Plagianthus regius <i>Mānatu/Ribbonwood</i>	Graceful, stately, slender tree. Small but showy yellowish-green flowers spring. Semi deciduous. Tolerates wind, frost, wet or dry conditions. 5-10m x 4m.	3.5L 8.5L	\$15.00 \$35.00
Platanus x acerifolia <i>London Plane Tree</i>	One of the world's most popular street trees. Large, fast growing, rounded canopy. Tolerant of compacted soils, heat and air pollution. Deciduous, hardy. 15 x 11m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Platanus orientalis <i>Oriental Plane Tree</i>	Large, reasonably fast growing tree with a spreading, tall habit and outreaching branches. It is the parent of the London Plane. Green leaves turn golden brown in autumn and the bark has ornamental markings. 8 x 6m.	3.5L	\$15.00
Plumbago auriculata	Bright, sky blue flowers. Long flowering season. Slightly frost tender. 1.5 x 1m.	3.5L	\$15.00
Poa cita <i>Silver Tussock</i>	Densely tufted tussock, graceful habit, tawny green colour, OK for poorer soil that is not too moist. 50-70 cm.	2.5L	\$10.00
Podocarpus laetus <i>Hall's Totara/Thin Barked Totara</i>	Similar to P. totara but has thin papery bark. Generally occurs at higher altitudes. Suitable for hedging. Evergreen. Hardier than P. totara but protect when young. 12 x 7m.	3.5L	\$15.00
Podocarpus totara <i>Totara</i>	Highly valued New Zealand native, good specimen or hedging. 15m	3.5L	\$15.00
Podocarpus totara 'Aurea' <i>Golden Totara</i>	A sterile Totara form discovered in the Port Hills. Graceful branches, soft and rich golden-yellow leaves, especially when grown in full sun. Golden-foliaged tree with tall, pyramidal form. Dislikes wet conditions. Makes a superb hedge. 6 x 4m.	3.5L	\$15.00
Podocarpus totara 'Matapouri Blue'	Attractive blue green foliage, upright pyramidal habit. very hardy and easy to grow. Evergreen. 6m	3.5L	\$15.00
Polygala myrtifolia 'Little Charmer' <i>Sweet Pea Bush</i>	Pea-like mauve-purple flowers appear on this bush almost year round. Rounded habit, trim lightly to keep bushy. Evergreen. Hardy. 1 x 1m.	3.5L	\$12.00
Polygala 'Petite Butterfly'	More compact variety with purple pea-like flowers nearly all year round. Warm sunny spot is best. Protect from heavy frost and light trim to keep shape. 60 x 60cm.	3.5L	\$12.00
Pomaderris kumeraho <i>Kūmarahou/Gumdiggers Soap</i>	Slender shrub, spectacular in spring covered with yellow flowers. Likes good drainage. For sun or semi-shade. Does well on poor, dry soils. Sensitive to heavy frost. Medicinal. 2 x 1m.	3L	\$12.00
Pratia angulata (syn. <i>Lobelia angulata</i>)	** See Lobelia angulata.	2.5L	\$10.00
Protea coronata <i>Apple Green Protea</i>	Terminal apple green flowers with a tuft of white on the tip. Taller shrub, long lived. Good cut flower. Well drained sunny site best. 2 x 2.5m.	3.5L	\$20.00
Protea cynaroides <i>King Protea</i>	A spreading shrub with majestic large pink velvety flowers from Autumn to Spring. Needs well drained soil. Prune to size and shape in Spring. 1.5m.	2.5L	\$20.00
Prumnopitys ferruginea syn. Podocarpus ferrugineus <i>Miro</i>	Forest tree, attractive ornamental, slow growing, prefers good moist soil, semi-shade. 5-10m in the garden.	2.5L	\$15.00
Prumnopitys taxifolia <i>Matai</i>	Timber tree, tangled appearance as juvenile, growth slows as it matures, interesting flaking bark, can tolerate quite dry conditions. 10m+	3.5L	\$15.00

Plant name	Description	Pot size	Price
Pseudopanax arboreus <i>Five finger</i>	Fleshy leaves, serrated margins, responds well to pruning, versatile plant, winter flowers followed by small purplish berries liked by birds. 3 - 6m	3.5L	\$12.00
Pseudopanax crassifolium <i>Lancewood</i>	An upright tree with long, thin leathery leaves in the juvenile stage. Adult trees are round headed with thick leaves. Dislikes wet feet. 4 x 2m.	3.5L	\$15.00
Pseudopanax ferox <i>Savage Lancewood</i>	Large Lancewood with very serrated leaves and an architectural growing habit. 5 x 1m.	3.5L	\$15.00
Pseudopanax 'Cyril Watson'	Decorative shiny, leathery, deeply lobed leaves with multiple stems. Sun or part shade. 2 x 1m.	3.5L	\$12.00
Pseudopanax 'Gold Splash'	Bright gold/yellow splashes on green leaves. Attractive contrast. 3m.	3.5L	\$12.00
Pseudopanax laetus <i>Large leafed Five Finger</i>	Bushy, large dark green oval leathery leaves serrated near tips, spring berries loved by birds. 3m.	3.5L	\$12.00
Pseudopanax purpurea	Dense, bushy grower with glossy purple palmate leaves. Older leaves are darker green. Prefers a dry position and would be a good choice for coastal gardens. Can be pruned to any size. Evergreen. 4 x 3m.	3.5L	\$12.00
Pseudowintera colorata <i>Horopito, Pepper tree</i>	Hardy, sun or shade, unhappy with very wet or very dry conditions, frost tolerant, peppery leaves, attractive multi-coloured olive green and red foliage, leaves used in cooking. 2-3m.	2.5L	\$15.00
Pseudowintera 'Cherry Ripe'	New selection. Narrow, upright leaves heavily blotched red and deep plum purple. Smaller growing, compact shrub. 60 x 60cm.	2.5L	\$15.00
Pseudowintera 'Red Leopard'	Evergreen, native shrub with burgundy and red spotted foliage. Maintains the best colour in exposed situations. Slow growing, happiest in good soil in sun or semi-shade. 1 x 1m.	2.5L	\$15.00
Pyrus calleryana 'Aristocrat'	Outstanding avenue, shade or accent tree. Showy white spring flowers, lush wavy cupped foliage, strong pyramidal growth and beautiful autumn colour. Hardy. 6 x 4m.	12L 22L	\$55.00 \$75.00
Quercus coccinea <i>Scarlet Oak</i>	Large broadly spreading deciduous tree. Deeply lobed leaves, deep red in autumn. Cold hardy. Good timber. 20-25m.	10L	\$25.00
Quercus ilex <i>Evergreen Oak/Holm Oak</i>	Broadly spreading, dense tree. Hard timber. Clip into a hedge, shelter belt or topiary. Very hardy and tolerant of many conditions including drought, exposure, shade and salt spray. Evergreen. 15 x 10m.	3.5L	\$15.00
Quercus palustris <i>Pin Oak</i>	Handsome specimen tree, reddish brown autumn colour, prefers moist, rich, well-drained, acid soils, but does well in Moutere clay. 8 x 6m.	3.5L 12L	\$15.00 \$35.00
Quercus robur <i>English Oak</i>	The classic oak of parks and large gardens. Broadly spreading, long lived tree. Long lasting and durable heart timber. Tolerant of many conditions including heavy clays and strong exposure. Deciduous, hardy. 30 x 15m.	3.5L	\$15.00
Raspberries	Selection available	3.5L	\$22.00

Plant name	Description	Pot size	Price
Ribes 'Laxton Tinker' <i>Blackcurrant</i>	Consistent heavy cropper bearing fruit ready to harvest in mid summer. Good disease resistance. Sun or part shade. 1.5 x 1.2m.	3.5L	\$25.00
Rhododendrons	Good selection available in May, separate list available.	7L pot	\$40.00
Rhopalostylis chathamica <i>Chatham Nikau</i>	The world's most southerly palm. Broader leaves, huge fronds up to 2m in length. Faster growing and slightly hardier than <i>Rhopalostylis sapida</i> . Deep, moist, well drained soil. Part to full shade. Shelter from strong winds. 10 x 3m.	3.5L	\$30.00
Rhopalostylis sapida <i>Nikau Palm</i>	A New Zealand icon and the world's most southerly growing palm. Though slow growing, Nikau make fantastic specimen palms in a protected position. Prefers a shady sheltered site to prevent damage to the fronds. Can be planted in full sun, but the fronds will tend to be more upright and light green in colour. Windy sites will cause the tips of fronds to burn off – ideally plant in a sheltered site to maintain lush, dark green fronds.	3.5L 8.5L 45L	\$25.00 \$55.00 \$250.00
Rodgersia pinnata 'Superba'	Rare specimen plant. Stunning architectural large leaves in spring are bronze as they emerge, then change to green. Large plumes of deep pink flowers early to mid summer, followed by attractive seed heads. Makes a real statement in the garden. Best in moist, dappled shade. Dormant in winter. 1 x 1m.	3.5L	\$12.00
Roses	A selection of grafted roses available in winter.		P.O.A
Rosa banksia lutea	Pretty thornless Rambler with masses of double butter yellow flowers in spring. First grown at Kew Gardens, London almost 200 years ago!	3.5L	\$15.00
Rosa 'Souvenir de Mme Leonie Viennot' (1897)	One of the earliest flowering climbing tea roses. Lightly fragrant pink blooms overlaid with coppery, buff tones. Good later repeat. Flowers on old wood so the less pruning the better! To 3.5m.	3.5L	\$15.00
Rosmarinus lavendulaceus <i>Creeping Rosemary</i>	Hardy, ground cover or wall spiller, soft blue/mauve flowers. 30 x 70cm.	3.5L	\$12.00
Rosmarinus officinalis <i>Common Rosemary</i>	Hardy upright, blue flowers early summer, clip for neat shrub or low hedge, great cooking herb. 1.30 x 1m.	3.5L	\$12.00
Rudbeckia hirta	Cheery yellow 'daisy' flowers with brown domed centres. Thrives in clay or sandy soil and loves hot and dry conditions. Perennial, will self sow. 60-70cm.	2.5L	\$12.00
Salvia 'Black Knight'	Rich dark purple flowers from summer through into autumn. 2 x 1m.	3.5L	\$12.00
Salvia confertiflora	Large leaved, long spikes of rusty red flowers over long season. 1.8 x 1.8m.	3.5L	\$12.00

Plant name	Description	Pot size	Price
Salvia 'Indigo Spires'	A fabulous Salvia which can bloom practically year round in warmer gardens. Tall stems of deep indigo blue flower spikes. Highly attractive to butterflies and bees. Trim after flowering. Full sun. 80 x 80cm.	3.5L	\$12.00
Salvia involucrata <i>Rosebud Salvia</i>	Soft furry tubular pink flowers from late summer, buds resembling rose buds. Prefers part sun/part shade. 1.4 x 1.2m.	3.5L	\$12.00
Salvia microphylla <i>Blackcurrant Sage</i>	Beautiful blackcurrant scented leaves. Striking cerise flowers. Good for borders or pots. 1m x 70cm.	3.5L	\$12.00
Salvia uliginosa <i>Bog Sage</i>	Easy to grow cottage garden perennial which forms airy clumps of true sky blue flowers. Tolerant of a range of soil types including drier ones. Attracts bees and butterflies. Coldy hardy and heat tolerant. Height to 1.5m	3.5L	\$12.00
Sarcococca confusa <i>Christmas Box/Sweet Box</i>	Densely bushy shrub, with green glossy leaves. Small cream flowers in winter are fragrant, followed by black ornamental berries. Suits dry shady sites although will grow in the sun if given enough moisture. Makes a fantastic low hedge. Evergreen. Hardy. 1.5 x 1.5m.	3.5L	\$12.00
Schefflera digitata <i>Pate/Seven Finger</i>	A medium sized spreading tree with tropical looking leaves similar to the 'Five Finger'. Tiny greenish-white flowers in summer. Purple berries in autumn are an important food source for birds. Evergreen. Hardy. 6-8m.	3.5L	\$12.00
Scleranthus biflorus	Low 'cushions' of tiny lime-green leaves, looking like mounds of moss. Tiny greenish white flowers late summer. Best in sun, likes very good drainage. 10 x 70cm.	2.5L	\$12.00
Sedum 'Gold Mound'	Lime/yellow colouring. Very hardy in hot dry sites. Evergreen. 15cm x 1.2m.	2.5L	\$12.00
Sequoiadendron giganteum <i>Wellingtonia/Western Redwood</i>	A very tall, noble tree. Grow as a specimen or as an impressive avenue tree on larger properties. Prefers well drained soils. Tolerates dry, cold and exposed sites. Evergreen. Hardy. 45 x 8m.	3.5L	\$15.00
Sophora howinsula <i>Lord Howe Island Kōwhai</i> (syn. <i>Gnome</i>)	Broadly spreading multi-stemmed evergreen shrub/small tree. Larger leaves and flowers than some of the other Sophora cultivars. Slow growing, hardy. Good for smaller gardens. 3-4m.	3.5L	\$15.00
Sophora longicarinata <i>Limestone Kōwhai</i>	Small graceful weeping tree with dainty foliage. No tangled juvenile stage. Flowers and nectar attractive to birds from September to November. Semi-deciduous. Hardy. 5 x 3m.	3.5L	\$15.00
Sophora microphylla 'Dragons Gold'	Bushy, shrubby Kōwhai with heavy display of yellow flowers early winter to early summer. 2 x 2m.	3.5L	\$15.00
Sophora microphylla <i>South Island Kōwhai</i>	Small leaflets, yellow flowers spring, loved by Bellbirds and Tuis. 5 x 3m.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Sophora prostrata <i>Mountain Kōwhai</i>	Bushy shrub, interlacing branches, small leaves, flowers are small almost orange, very tough, hardy, can be clipped as hedge. 2 x 1m	2.5L	\$12.00
Sophora tetraptera <i>North Island Kōwhai/Large Leaved Kōwhai</i>	No divaricating juvenile stage. Large yellow flowers are loved by birds. This variety flowers earlier than <i>Sophora microphylla</i> and has larger blooms. 5-12m.	3.5L	\$15.00
Sorbus aria 'Lutescens' <i>Silver Whitebeam</i>	Compact tree with bold leaves. Upper surfaces covered in dense creamy-white woolly hairs creating an outstanding sight in spring and early summer. Upright growth and wind-resistant. Deciduous. Hardy. 10 x 6m	3.5L	\$35.00
Sorbus aucuparia <i>Rowan or Mountain Ash</i>	Small, erect, graceful tree. White spring flowers followed by bright orange/red berries. Rich gold leaves in autumn. Deciduous. Very hardy. 12 x 7m.	3.5L	\$15.00
Stranvaesia davidiana <i>Chinese Photinia</i>	Large, upright, bushy evergreen shrub. White flowers followed by red berries. Moist but well drained site best. Sun or part shade. Evergreen. Can be hedged. 8 x 4m.	3.5L	\$12.00
Styrax japonica <i>Japanese Snowbell Tree</i>	A beautiful spreading tree with profuse, small fragrant bell flowers hanging beneath its branches mid spring. Yellow autumn colour. Enjoys a damp site. 4 x 3m.	3.5L	\$15.00
Styrax obassia <i>Fragrant Snowbell Tree</i>	Beautiful small tree. Sweetly fragrant white bell flowers borne in chains in early summer. Exfoliating bark reveals new orange bark underneath creating interest in winter. Large oval mid shaped leaves. Matures into a round headed tree. Moderately hardy to wind and will tolerate light frosts. Will grow in dry to moist conditions and in sun or part shade. 4 x 3m.	3.5L 12L	\$15.00 \$35.00
Table grapes	Selection available.	3.5L	\$22.00
Tagasaste <i>Tree Lucerne</i>	** see <i>Chamaecytisus palmensis</i>	3.5L	\$12.00
Tamarillo <i>Tree Tomato</i>	Self-fertile. Pink flowers appear in spring followed by the dark red-bronze fruit. Fast growing with large felty heart-shaped leaves. Fruit is ready to pick in May and June. Needs support, sheltered site is best. Very frost tender. 3 x 2.5m.	3.5L	\$15.00
Taxodium distichum <i>Swamp cypress</i>	Narrowly columnar form. Soft green foliage turns brown in late autumn. Swamp tolerant but will also thrive on well drained soils. 25m.	3.5L	\$15.00
Telopea 'Burgundy' <i>Waratah</i>	Beautiful shrub native to Australia. Upright form and stunning large burgundy flowers in spring on long stems. Plant in sun in well drained soil. Avoid fertilisers and don't deadhead spent flowers as new flowers emerge from the old growth. Good for cut flowers and frost tender when young. 3 x 2m.	2.5L	\$15.00
Tecomanthe speciosa	Vigorous native twining climber. Glossy deep green leaves. Large cream tubular flowers borne in bunches direct from the stems during winter months. Loved by Tuis. Frost tender in colder areas. Grow up a tree under shelter.	3.5L	\$15.00

Plant name	Description	Pot size	Price
Teucrium fruticans	Loose form shrub or clipped attractive hedging, contrast or screen, silvery-white foliage, lavender-blue flowers. Hardy and good for coastal. 1.5 x 1.5m.	3.5L	\$12.00
Thuja o. 'Smaragd'	A tight, conical, bright emerald-green shrub or small tree, works well as a hedge or to create a defined look in a formal garden. Great for narrow garden beds. More tolerant of moisture than other conifers, does best in deep, moist, well drained soil. 3m x 1m.	3.5L 12L	\$15.00 \$45.00
Thymus x citriodorus 'Aurea'	Evergreen mat forming thyme with green and gold lemon scented leaves. Sunny, well drained site. Loved by bees. 10 x 50cm.	2.5L	\$10.00
Thymus praecox 'Coccineus' <i>Creeping Thyme</i>	Low growing perennial groundcover with tiny fragrant leaves and masses of tiny magenta pink flowers. Sun and free draining best. 10 x 40cm.	2.5L	\$10.00
Tibouchina urvilleana 'Edwardsii'	Royal purple flowers summer- autumn and sporadically through the year. Loves sun/warmth so shelter from winds and frost. Cut back after flowering to keep compact. 2.5 x 1.5m.	3.5L 8.5L	\$12.00 \$20.00
Trachelospermum jasminoides <i>Star Jasmine</i>	Strong growing evergreen climber with intensely fragrant, pure white starry flowers from late spring through summer. Can also be grown as a groundcover.	3.5L	\$15.00
Tree Dahlia	Cuttings from plants here at the nursery. Need lots of space, grow to a whopping 3m or more! Pink and Double White available.	12L	\$15.00
Uncinia uncinata rubra <i>Hook Sedge</i>	Dense mounds of orange/red or green arching leaves. Long hooks are formed to attach its fruit to passing animals. Happy in sun or shade. 50 x 50cm.	2.5L	\$10.00
Verbena bonariensis 'Buenos Aires'	Fantastic, highly drought tolerant plant, highly attractive to butterflies and insects. A multitude of purple flowers atop tall stems all summer long. Self-sows. Looks stunning mass planted amongst grasses. Definitely for the back of the border due to it's height. 1.2-1.5m x 30cm.	3.5L	\$12.00
Veronica peduncularis 'Georgia Blue'	Versatile ground cover, green foliage darkening in winter, masses small blue flowers spring summer. 50 x 75cm.	2.5L	\$12.00
Viburnum davidii	Compact viburnum variety. Green leathery leaves. Small white flowers in spring followed by attractive blue/black berries. Hardy, evergreen. 1 x 1.5m.	3.5L	\$15.00
Viburnum op. sterile <i>Snowball Tree</i>	Open, graceful, robust tall shrub. Large round balls of white flowers in spring. Beautiful purple/red autumn foliage. 3 x 2m.	3.5L	\$15.00
Viburnum op. Xanthocarpum	Lovely deciduous viburnum with maple-like leaves. Flat, white lace-cap flowers over summer followed by yellow/gold berries. Leaves turn red/pink in autumn. 2 x 2m.	3.5L	\$15.00
Viburnum plicatum 'Mariesii'	Broad spreading horizontally branched shrub. Beautiful clusters of 'lace-cap' white flowers and then red berries. Best in moisture retentive soil and semi-shade. 2 x 2m.	3.3L	\$15.00

Plant name	Description	Pot size	Price
Viburnum plicatum 'Summer Snowflake'	Delightful lace-cap blooms summer into autumn followed by red berries. Prefers moist soil. Sun or part shade. To 1.8m.	3.5L	\$15.00
Viburnum sargentii 'Onondaga'	Large, upright, deciduous viburnum with maple-like leaves. White lace-cap flowers in with red buds at the centre in spring. Leaves bronze/purple when young and purple in autumn. Sun or part shade. To 1.8m.	3.5L	\$15.00
Viburnum t. 'Eve Price'	Dense rounded form. Dark green leaves and blush white flowers in spring, followed by metallic blue/black fruits. Good hedge or screen, clips readily. 2 x 2m.	3.5L	\$12.00
Vitex lucens <i>Pūriri</i>	Large forest tree that is shrubby when young, slowly forming a wide canopy. Pink bell shaped flowers almost hidden under the canopy loved by tuis. And then clustered pink/red fruit enjoyed by wood-pigeons. Grows best in good soil. Frost tender when young. To 20m.	3.5L 8.5L	\$15.00 \$35.00
Vitis vinifera purpurea <i>Ornamental Grape</i>	Vigorous tendril climber that will quickly cover a pergola, trellis or arbour with a cool green canopy. Gorgeous rich magenta/purple autumn colours. Small inedible grapes. Sun and good drainage best. Deciduous. 4 x 2.5m.	3.5L	\$22.00
Weigela 'Moutere Pink'	Lovely clear pink flowers with fresh green foliage. Easy care shrub. Deciduous. 2.5 x 2.5m.	3.5L	\$12.00
Weigela 'Newport Red'	Easy to grow. Spring flowering deciduous shrub. Graceful arching stems of rose red bell-shaped flowers in spring. Prefers sun. Prune after flowering. 1.5 x 1m.	3.5L	\$12.00
Westringia brevifolia <i>Australian rosemary</i>	Hardy, bushy shrub. Mauve flowers through spring. Salt spray tolerant. Plant in free draining soil. Good coastal plant. Evergreen. 1 x 1m.	3.5L	\$12.00
Westringia glabra <i>Violet Westringia</i>	Dense bushy shrub with rosemary-like foliage and mauve/lilac flowers. Good low hedge. Good for coastal as wind and salt tolerant. Evergreen. 1 x 1.5m.	2.5L	\$12.00
Westringia fruticosa 'Zena'	Hardy Australian native. Grey/green leaves, white flowers nearly year round. Good in windy, coastal sites. Dry tolerant. Good as a hedge and for low maintenance gardens. Evergreen. 90 x 90cm.	3.5L	\$12.00
Wisteria floribunda macrobotrys <i>Japanese Wisteria</i>	Noted for its excellent fragrance and voluptuous floral display. Produces masses of extremely long (up to 1m!) lilac flowers in late spring/early summer. Best flowering obtained in full sun.	3.5L	\$15.00
Zantedeschia (Yellow) <i>Calla Lily</i>	Bulb native to South Africa. Very easy to grow, good in pots and containers. Long lasting cut flower. Interesting foliage. Sun or part shade. 50 x 40cm.	2.5L	\$12.00
Zephyranthes candida <i>Rain Lily</i>	Showy, delicate white crocus-like flowers with strong yellow stamens. Clump forming, evergreen. Flowers mid December till April. Known as Rain Lilies because they seem to burst into flower when rain is imminent. 10-15cm x 10-15cm.	2.5L	\$10.00
